CONGRESS PILING HONORS ON PEARY

Bill Making Him Rear Admiral is Passed by the Senate.

POLE FINDER IS GETTING REWARD

Ship Roosevelt Will be Used in American Dash for South Pole.

Washington, Feb. 9.—A bill making Commander Robert E. Peary, discoverer of the north pole a rear admiral, was passed by the senate today. Indications are that the measure will also receive the approval of the house.

EXPEDITION IS DECIDED ON.

Washington, D. C., Feb. 9.—America intends to corner all the glory of polar discoveries. Having the north pole to its credit, the United States intends to push relentlessly southward until the stars and stripes have been nailed at the other extremity of the globe.

This was decided last night by the National Geographic society, which will begin immediately the work of raising the necessary funds.

Commander Peary has started the subscription list. Immediately after the National Geographic society notified him in New York that it hoped to fit out the antarctic expedition, the man who discovered the north pole gave $10,000 to the cause.

This $10,000 was presented Commander Peary last night in the Metropolitan opera house in New York as a testimonial from the residents of that city. As he accepted the check and voiced his thanks the explorer announced his intention of donating it to the south pole fund.

Peary May Not Go South.

If he adheres to his present determination Commander Peary will not join the expedition to the antarctic. The Roosevelt, the vessel which he sailed in his trip of discovery, will be used by the southbound pole hunters, and the expedition probably will be in command of Capt. Moses Bartlett, who was master of the Roosevelt. The other members of the expedition will be the same as those who returned a few months ago from the arctic.

Although Commander Peary has announced that he will not seek the south pole, the members of his expedition hope he will reconsider his decision. They feel confident that when the actual work of fitting out the Roosevelt for its new voyage of conquest is begun the call of the unexplored south will be too strong for their former commander to resist.

Roosevelt Practically Ready.

The Roosevelt is equipped already with sledges and other necessities, and practically needs only a new stock of provisions to sail for another journey into the ice.

After a meeting late yesterday afternoon lasting more than an hour the board of managers of the geographic society adopted the following resolution:

"The National Geographic society believes that it is of great importance to science that tidal, magnetic, and meteorological observations shall be obtained at or in the vicinity of Coats Land during the same period that the British expedition under Capt. Robert F. Scott, R. N., is making similar observations on the other side of the antarctic area, 1,800 miles distance, and at the same time that this recently discovered land shall be explored.

"The society is ready to accept Mr. Peary's proposition that it shall undertake jointly with the Peary Arctic club an expedition to the antarctic regions as outlined above, provided that the board of managers, after consultation with the members of the society, finds that the project will re-

TO STOP GAMBLING IN PRODUCTS OF THE FARM

House Committee Hearing on Bills to End Playing Futures.

Washington, Feb. 9.—Gambling in futures of cotton and other agricultural products was the subject of a hearing begun today before the agricultural committee of the house.

The inquiry brought together a delegation of prominent members of the cotton exchange of New York and several delegations of cotton growers and agriculturalists who are here to give testimony for and against the measures designed to prohibit dealings in futures.

A number of bills are before the committee dealing with this subject. Chairman Scott, of the committee, is the author of a sweeping bill designed to end gambling in the futures of the products of the farm. Congressmen from Texas have introduced half a dozen or more bills which, if enacted into law, would prevent gambling in futures of cotton.

Representatives of practically all of the southern states are pledged in favor of a law following these lines. The bills also have the support of western members.

DR. HYDE CAUSED DEATH OF SWOPE

Coroner's Jury in Kansas City Say He Gave Fatal Dose of Strychnine.

INTENT NOT FIXED VERDICT OF JURY

Physician Involved in Case Refuses to be Sworn or to Testify.

Kansas City, Mo., Feb. 9.—"Colonel Swope came to his death by reason of strychnine administered in a capsule by Dr. B. C. Hyde, but whether by felonious intent or not, we, the jury, are unable to say."

This verdict was rendered at 1 o'clock this afternoon by the coroner's jury at Independence, after being out one hour.

The inquest was ended at noon. At that time the sensational inquiry into the cause that led to the death of Col. Thomas Hunton Swope, Kansas City's millionaire philanthropist, was given over to the six jurymen. They retired immediately to consider their verdict.

Dr. B. Clark Hyde, physician to the late Colonel Swope, who on the day Colonel Swope died gave him a digestive capsule, which preceded death only a short while, refused to testify to the coroner's jury and refused even to be sworn if called as a witness at the inquest.

Hyde Would Not Testify.

The morning barely had started when Dr. Zwart looked at a piece of paper upon which he carried the list of witnesses. His lips were beginning to frame the name of Mr. Hyde when Attorney Walsh arose and bent over the table. The court room became suddenly quiet. Mr. Walsh began slowly:

"The attorneys for Dr. Hyde have advised him not to testify. We do not care for him to testify here and therefore at our suggestion he must decline to be sworn."

Virgil Conkling, prosecuting attorney, replied: "I have here a copy of a newspaper of Feb. 1," he began. "It contains a signed statement by Dr. B. C. Hyde and in the light of his refusal to testify I desire to—"

Mr. Walsh, interrupting the prosecutor, declared: "If this is done for the purpose of publication," he almost shouted, "I—"

Dr. Zwart stepped between the two men and for a moment he and Mr. Conkling conversed in a whisper. "I must insist upon it," Dr. Zwart said to Mr. Conkling, and just what the sentence pertained to the court room did not know. Soon there came the explanation.

"Certainly, I'll see you privately," Mr. Conkling said, and together they left the room. As they did so a strange expression came over the faces in the court room. The attorneys for the Swope estate were smiling, while the face of Walsh denoted no interest or the lack of it. Dr. Hyde looked straight ahead.

When the coroner and the prosecuting attorney returned Dr. Zwart said: "I still hold that the coroner has the right to examine witnesses and that Dr. Hyde was subpoenaed in the regular way and therefore is expected to testify."

"I stated before that on the advice of counsel Dr. Hyde refused to be sworn to testify," promptly replied Attorney Walsh, "and since that—"

Wanted General Rule to Apply.

Prosecuting Attorney Conkling interrupted. "The prosecutor asks that the same rule apply here as with all witnesses."

"We refuse to allow the witness to testify," insisted Walsh.

"The coroner insists," Dr. Zwart answered hastily.

Counsel refused to allow the witness to testify, and Dr. Zwart sat down.

This ended the incident and Dr. W. V. Gayle, a Kansas City physician, was called to give testimony on the effects of strychnine upon the human system and the symptoms accompanying poison by that method.

During a short recess later Attorney Walsh said he had no statement to make regarding the reason he refused to allow Dr. Hyde to testify. "I made a statement in the court room," he said, "and that is sufficient for the present. I may have a statement to make later, but not now."

Counsel Makes Statement.

Later Frank P. Walsh made the following statement:

"The evidence in the investigation by the state before the coroner's jury as to the death of Col. Swope was not such as to impress counsel for Dr. Hyde with the belief that anything of a substantial nature has been shown tending to discredit his statement here tofore made that he is neither responsible by accident nor design for the death of Col Swope; or that the death resulted from other than natural causes. The statements of the experts employed by Mrs. Swope were so at variance with one another that no reasonable conclusion could be drawn therefrom.

"Counsel for Dr. Hyde therefore refused to permit him to be sworn as a witness, accepting full responsibility therefor with the assurance to the public that a complete investigation will result in the exoneration of Dr. Hyde from all blame in the matter."

Miss Kellar Recalled.

At the request of the coroner Miss Kellar again detailed that part of her story of yeaterday in which she had described the condition of Colonel Swope from the time he had taken the capsule given her by Dr. Hyde until he died.

Miss Kellar described the first convulsion experienced by Colonel Swope. "Then," she continued, "after he had turned his head from the window his eyes were fixed—he went into this

SEINE IS AGAIN MENACING PARIS

Rains and Melting Snows Replenishes the Waters That Were Falling.

FLOOD ONCE MORE FILLING SUBWAYS

People are Hastily Throwing Up Parapets to Ward Off Disaster.

Paris, Feb. 9.—The river Seine had risen nine inches here during the twenty-four hours ending at noon today owing to yesterday's rain and melting snow. The hydrographic department predicts continued rise until Friday when it will reach a height of over twenty-two feet at the Pont Royal and equal the flood level of 1882. Although confident that there is no danger of a repetition of the recent disaster the authorities are taking thorough precautions.

The level of the parapet at low places throughout the length of the city is being hastily raised by improvised dikes. The return of high water threatens greatly to retard the work of repair which is in progress. The waters, which had dropped below the mouths of the sewers, are again pouring into the conduits, drowning the electric light and power mains in the vicinity of the Place de l'Opera. While service has been resumed on several sections of the subway the management holds out no hope that the main line passing St. Lazare station will be restored for another month.

PATROLMAN PUT ON TRIAL BEFORE BOARD

Officer Kruekeberg Charged With Using Bad Judgment.

Patrolman August Kruekeberg was placed on trial before the board of public safety this afternoon on the charge of using bad judgment in serving a warrant upon Albert Jauch early Saturday morning and the hearing was made public.

The members of the board made an investigation of the case and came to the belief that if any incompetency was shown in the case he was the one upon whom the blame ought to be fastened and a number of witnesses were summoned to show when he received the warrant and what his instructions were as to serving it.

The law prescribes that no man can be discharged by the board except for cause and that he shall be given a trial before he can be relieved from duty and in order to give him every opportunity to clear himself the hearing was ordered

DID MORGAN ACT FOR BELL CROWD?

That is What Ohio Telephone Interests are Trying to Learn.

QUIZ IS GOING ON IN NEW YORK

Representative of American Neatly Sidesteps Some Questions.

New York, Feb. 9.—To find out whether or not the recent purchases by J. P. Morgan of six telephone companies in Ohio and Indiana were really for himself or for the Bell interests, attorneys for stockholders in the United States Telephone company and the Cuyahoga Telephone company began examinations of witnesses in this city today. The inquiry here is the outgrowth of injunction proceedings against the consummation of the purchase, brought in the Ohio courts.

Operates in Indiana.

E. J. Hall, vice president of the American Telephone and Telegraph company, declared that his company was the controlling stockholder in the Eastern Electric company, the largest electrical equipment manufacturer in the world. "In Ohio and Indiana we operate the Central Union company," said Mr. Hall, "and in Michigan the Michigan Telephone company. The American Telephone and Telegraph company has no control of any other companies in Ohio, excepting the long distance, the Cleveland Telephone company and the western companies of Cleveland. In Cincinnati we do not own a controlling interest."

H. R. McGraw, of Cleveland, one of counsel for the minority stockholders, tried to get from Mr. Hall the identity of the varilus interest represented on the board of directors, but Mr. Hall said he did not know if any outside interests were represented.

Morgan Acted for Bell Concern.

The bill of complaint alleged that Goff and Brailey obtained the stock from holders under a different promise, deposited in the Mississippi Valley Trust company at St. Louis and then sold it to R. L. Day & Co., New York brokers; that J. P. Morgan & Co. backed Day & Co., and that the American Telephone and Telegraph company were represented by Morgan & Co. Attorney McGraw told of the meetings Mr. Hall had with Mr. Brailey in New York and Boston. At each

COMET'S TAIL DEATH TO US ALL IF IT STRIKES

Halley's Vagrant May Give Earth a Deadly Dose of Hydrocyanic Acid.

Berkeley, Cal., Feb. 9.—If the astronomers are right in their estimates of the amounts of cyanogen gas in the tail of Halley's comet, and if that body's vapors do envelop the earth, we may have a chance to feel the sensations of the bugs and insects which are killed by the use of this deadly gas as an exterminator. Such is the cheerful opinion expressed today by Prof. Edwin Booth, of the department of chemistry at the University of California. He is a well known expert on spectrum analysis.

"We'll all be snuffed out," he said, "if a sufficient quantity of this cyanogen gas unites with the hydrogen of this planet's atmosphere. Their union," he continued, "would form the gas known as hydrocyanic acid which is the most deadly poison known to science and which means death for all animals."

Professor Burckhalter, of the Chabot observatory, Oakland, maintains on the other hand that there is very little gas in the comet's tail, and that this world has nothing to fear.

NEW YORK BRIBERY CASE.

Albany, N. Y., Feb. 9.—Senator J. P. Allds' opportunity to discredit the testimony offered yesterday in support of the charge of Senator Benn Conger that in 1901, while a member of the assembly the former had accepted $1,000 to suppress a certain bill, came when the senate reassembled today to investigate the allegations against its president pro tem.

RATIFIED BY THE VATICAN.

Rome, Feb. 9.—The following appointments proposed by Cardinal de Lai, secretary of the consistory congregation, were ratified by the pope today: Right Rev. J. G. Iacoler to be auxiliary archbishop of St. Paul, Minn.; Rt. Rev. Denis O'Donaghue, auxiliary bishop of Indianapolis, to be bishop of Louisville, Ky.

THREE DIE IN FIRE.

Jersey Shore, Pa., Feb. 9.—A fire in the First National bank building in this place early today caused the death of three persons, the injury of two others and the complete destruction of the building. The dead are: A. L. Dravenstadt, Mrs. A. L. Dravenstadt and Wm. O'Conner.

GENERAL WOOD IS BETTER.

Baltimore, Feb. 9.—Gen. Leonard Wood was reported this morning as resting comfortably at the hospital here, where he is a patient. It was said that he passed a fair night and that his condition was about the same as on yesterday, when he was reported as somewhat improved.

Bernard Schele has purchased the handsome residence of E. E. Perry on Fairfield avenue, for a consideration of $7,000.

SIX DIE IN COAL MINE EXPLOSION

Mysterious Blast in Kentucky Shaft Deals Out Death.

NO KNOWN CAUSE FOR THE DISASTER

All the Dead in Accident at Stearns, Ky., Were White Men.

Stearns, Ky., Feb. 9.—An unexplained explosion in mine No. 1, of the Stearns Coal company today killed six men outright. It is thought that the victims ran into a pocket of gas which ignited when it came into contact with their lamps.

The dead, who are all white are: A. B. Thrasher, Edward Thrasher, G. W. King, Elihu Grandy, Benjamin Grandy and John Troxell. None of the other workers in the mine were so much as scratched. The explosion took place in one of the innermost recesses of the workings and expended its force upon the men in the immediate vicinity. The hoisting machinery was not damaged and no difficulty was experienced in recovering the bodies. Word of the accident was sent to State Mine Inspector C. J. Norwood, at Lexington, and he left there at once. Whether work will be resumed at once in the colliery will be determined after his inspection.

CLEVELAND COUPLE FOUND MURDERED IN HOME

Man Said to Have Been in Love With Woman is Arrested.

Cleveland, Ohio, Feb. 9.—The bodies of John Janowski and his wife were found in their home, on Riverbed avenue, by the police today. It is believed that both were murdered last Saturday night by a visitor whose name is not known. The bodies were lying on the floor in a pool of blood. They had been stabbed. A neighbor woman said a strange man called upon the couple Saturday night and there was much drinking. She said she did not know the visitor except that he was called John. Later the neighbor woman said she saw the man leave alone.

George Boscardo, 29 years old and single, was taken into custody by the police. The police say Boscardo admitted the crime, saying it occurred at 11 o'clock Sunday night. Boscardo said the police claim, that he was in love with Mrs. Janowski and once had been put out of the Janowski house.

Dick Townsend left today on his return to Peoria, Ill.

POLICE BALK AT LEVY ON HOUSES

Refuse to be Party to Iniquitous Custom of Taking Money

WILL NOT ENTER INTO OLD CUSTOM

Women Will be Tolerated Only as Necessary Evil.

Police officers balked when the iniquitous custom established under the administration of W. J. Hosey of raiding the houses of ill-fame four times a year and practically levying tribute upon these fallen creatures was put up to Chief William F. Borgman and Captain Ben Elliott.

Not only did the officers decline to file affidavits as Martin H. Ankenbruck did most of the four years he was head of the police department, but the captain declined to take the affidavits from the hands of the prosecutor and give them to the city clerk so that he could fill out the warrants.

In a word the present police administration utterly condemned the custom and refused to become a party to it in any way unless the serving of the warrants is forced upon it. Warrants placed in the hands of policemen must be served and the department can not avoid this.

Failing to get a member of the police department to affix his name to the affidavits, Harvey Hughes, formerly a deputy sheriff and later a deputy constable, was induced to sign them and they were placed in the hands of the city clerk this morning.

Following Out the Custom.

Shortly after Mayor Hosey assumed office he instituted the custom of raiding the bagnios quarterly and levying upon them. His excuse was that if the city didn't do it the constables from the justice courts would and he didn't see why the city should not get the benefit of the fines if it had to supply police protection.

The places were not actually raided. Once every three months the keepers of these resorts appeared in court either in person or through their attorneys and entered pleas of guilty to the charges filed against them and the inmates. In the meantime the police had collected the money to pay their fines and it was all there. It was a fixed charge against the establishments and every one of them prepared for it.

In exchange for the payment of these fines they were practically immune. They sold beer, gave dances, had music, ran ballcloths on the streets, plied their trade upon patrons leaving the baseball park and did about as they pleased. Rents went up, new houses were built hastily as men saw an opportunity to reap a golden harvest off the sinning of these women.

Board Considered the Matter.

One of the first things taken up by the board of public safety under the Grice administration was the fining of these women. From Mr. Grice down to the members of his police force the practice was pronounced repugnant and it was decided that they would not barter the privilege of running these establishments without any semblance of law enforcement for the few paltry dollars that the city got out of the fines.

It was not made public at the time, but the decision was reached as no

WHAT'S DOING IN A POLITICAL WAY

"Do you think I am seeking a place in which to bury myself?" was the query of Samuel M. Foster today when The Sentinel asked Mr. Foster for an expression upon the recent gossip from Indianapolis which suggested the Fort Wayne man as an altogether admirable candidate for the democratic nomination for treasurer of state. Plainly, Mr. Foster is not giving a moment's serious consideration to the suggestion that he run for any office much less for one in which he says a man is likely to be utterly forgotten, and in which there is no opportunity to accomplish things. "I couldn't decline it as yet," continued Mr. Foster, "for the very good reason that it hasn't been offered to me, but I cannot imagine any position more remote from my natural inclination than just such an office as that with which political gossip at Indianapolis has connected my name."

SEEKS RELIEF IN DEATH.

Detractor of McKinley Is Driven to Kill Himself.

Pittsburg, Pa., Feb. 9. Sending a bullet into his head yesterday, Casper Limbach, a German decorator, put himself beyond the alleged persecution which his neighbors have visited on him since the assassination of President McKinley. The shot that killed Limbach was heard by his wife in an adjoining room. She rushed to his aid, but he died with his head pillowed in her lap.

In September 1901, while McKinley lay mortally wounded in Buffalo, Limbach, because of his alleged fiery remarks, is said to have become the object of persecution in the various communities of the south side.

Repeatedly he was beaten and driven from one borough to another, but as fast as he would make his home in one place he would be hounded so that he would move again. Several times he was arrested to preserve the peace and let go on small fines.

On one occasion, in Beltzhoover, a noose was thrown about his neck upon his refusal to retract remarks he was alleged to have made.

Not until the rope was tightened and he saw he was about to be jerked into the air over the arm of a telegraph pole did he announce publicly his apologies.

Within the last few weeks Limbach's mind began to give way, and he became obsessed with a fear that his enemies would confine him in an asylum. He was released from a hospital but a short while ago.

Mrs. M. King, of Culbertson street, was thrown from her buggy Tuesday afternoon when a Main street car struck her buggy at Main and Ewing streets, but was not seriously injured.

DEATH HAS CLAIMED TWO PIONEER WOMEN

Mrs. Elizabeth Stolte and Mrs. Fred Thiele No More—The Deaths.

Mrs. Wilhelmina Thiele, wife of Fred Thiele, of Washington township, died at her home at 6:30 o'clock Wednesday morning from apoplexy, at the age of 77 years, 5 months and 3 days. Death was due to an attack of apoplexy which the aged woman sustained two weeks ago.

Mrs. Thiele was born in Haustel, Hanover, Germany, came to America at an early age, and had resided in Washington township about fifty-four years. Surviving members of the family include the husband and six children—Fred Thiele, of St. Louis; Louis Thiele, Mrs. Christian Schaefer, Mrs. William Schmidt and William and Henry Thiele.

Funeral services Friday afternoon at 1 o'clock, sun time, from the residence and at 1:30 from Bethlehem Lutheran church, Rev. H. Wuerthman officiating.

STOLTE.

Elizabeth Stolte, another pioneer resident of Washington township, died at 2 o'clock Wednesday morning at her home north of the city at the age of 75 years, 8 months and 26 days. Death followed an illness of one week and was due to pneumonia.

Mrs. Stolte was the widow of the late Adolph Stolte, whose death occurred three years ago. She was born in Lotberg, Preuss-Minden, Germany, and came to America at the age of 18 years. For forty-four years she had been a resident of Allen county. Five sons and a daughter survive. They are C. A. Stolte, Frank Stolte, of Lansing, Mich.; George, Fred W., Leonard and Miss Elizabeth Stolte. The deceased was a member of St. John's Reformed church.

FUNERAL NOTICES.

Pfeiffer.—Funeral services for Louis M. Pfeiffer will be held Thursday afternoon at 2 o'clock from the residence, 1215 Fisher street.

Mr. Pfeiffer was a member of Wayne chapter, No. 433, American Insurance union.

Hendersonn.—Funeral services for Henry C. Henderson will be held Thursday afternoon at 2 o'clock from the residence of Mrs. Mary Gable, 338 Madison street.

man of the administration felt like soiling his hands with the money and Chief Borgman and Captain Elliott both went on record against it not only because it was repulsive to them, but because they knew they had no chance on earth to regulate the houses with the old custom in vogue.

Eighty-Six Affidavits Filed.

The prosecutor's office supplied with the affidavits a carefully prepared list showing the names of the owners, the number and names of the inmates, the location of the houses and even went so far as to separate the white from the colored women.

Under the old regulations the seventeen owners of the houses would have been fined $10 and costs each, amounting in all to $340, as the costs in each case are $10. There are sixty-nine colored and white women who are in for fines of $5 and costs each, provided the old regime is pursued. This will make a total of $1,375.

These fines have heretofore been divided by setting aside $5 in each case for the city, $5 for the prosecutor and $5 for the school fund, and if Harvey Hughes comes in and claims witness fees $86 will be added for him.

DID MORGAN ACT FOR BELL CROWD

of these meetings Mr. Hall said that Brailey offered to sell the United States and Cuyahoga companies. In describing the meeting last October Mr. Hall said that Goff said he represented Henry Everett and others who owned most of the two Ohio companies and that they were desirous of selling to the American Telephone and Telegraph company.

"They asked $80 for the preferred and $40 for the common of the United States company," continued Mr. Hall. "I don't remember the price of the Cuyahoga company.

Recommended the Purchase.

"I recommended to President Vail that we purchase the properties at the price offered if the matter could be arranged legally."

The witness said that later the American Telephone and Telegraph company made an arrangement with the banking firm of R. L. Day & Co. to take over all the stock of the companies in this suit upon which Mr. Goff had options and hold the stock for the American Telephone and Telegraph company. The contract between R. L. Day & Co. and the American Telephone and Telegraph company gave the telephone company an option on the stock of the Ohio and Indiana companies. In the contract the American Telephone and Telegraph company agreed to lend R. L. Day & Co. money to make the purchase of the stock in the name of Day & Co. The American Telephone and Telegraph company loaned R. L. Day & Co. on this contract $75,000,000.

LAWYERS CLASH AND ENLIVEN TRIAL OF CASE

State Tries to Show That Schallman Misrepresented Facts.

Sharp clashes between the attorneys in the trial of Abraham Schallman marked the progress of the trial in the circuit court today and enlivened what would have been a rather dry hearing had not the attorneys fought out all of the law points involved in the testimony.

For the state witnesses have been introduced who have sworn that when Schallman got a big consignment of skins from Weil Brothers he represented that they were for the big Stevenson fur house at Chicago and not to be handled on commission as he had been in the custom of doing.

On the other hand the defense is trying to indicate that the goods were to have been handled on commission and that Schallman made no attempt to steal them and that he was the agent of the Weils in the whole transaction. The hearing will occupy a couple of days more.

Lads Plead Guilty.

Boyd Dinius and Chester Gano, a couple of Kokomo lads who endeavored to have a draft cashed after the name of Dan Clemons had been forged to it, entered pleas of guilty to the charge of forgery in the circuit court this afternoon and were given from two to fourteen years at the reformatory and fined $10 and costs each. The sentences will be suspended.

Wife Given a Divorce.

Wilda Viola Anderson was given a divorce in the superior court today from Jesse G. Anderson, whom she charged with cruelty and failure to provide. She was given the custody of their three children, which include a pair of twins born last October. She was awarded $600 alimony.

Harber Got License.

Members of the board of county commissioners today granted John Harber a license to run a saloon on East Columbia street, but told him at the same time they were not impressed with his fitness to conduct the place but were forced in face of the evidence to make the grant. They told him he must be careful if he expects anything from the board in the future.

Husband Drinks Whisky.

Bessie L. Bucher has filed suit for a divorce from Hugh Bucher, alleging that he drinks large quantities of whisky and not only beats her himself, but permits his father and mother and his uncle to abuse her. Attorney Guy Colerick secured a restraining order prohibiting the defendant and his parents from molesting her or selling their fruit stand on Harrison street pending the hearing.

Court Notes.

Hattie Allen has filed a divorce suit against George Allen, charging him with failure to provide. They were married in June, 1904, and separated last August. H. G. Hogan is her attorney.

A jury in the superior court found for Kenneth Larwill in a suit instituted against him by Julia Fay Randall to collect $75 for storage of an automobile. He showed that the company owning the machine was responsible for the bill.

Articles of incorporation of the Sprang Clay Products company were filed today with the recorder. The capital stock is $30,000.

Andrew J. Schnorr was granted a saloon license for his place on Parnell avenue. He stated that he does not intend to conduct a saloon but will sell only bottled beer to his customers.

MARRIAGE LICENSES.

Charles E. Bercot, 26, blacksmith, and Carrie G. Grill, 23.

Charles Stanley King, 22, Electrician, and Margaret Fern Miller, 19.

quivering motion I told about yesterday. His hands clenched and there was a terrible motion over the whole body and he was making a sound, not with his mouth open, but evidently with his teeth clenched, somewhat a sort of grind, I would judge, with the mouth tightly closed. He made this sound at the same time he made this motion. I suppose that convulsion lasted ten minutes. His arms were raised and his hands clenched tight."

"Did anything exude from the mouth?"

"Yes, sir; his teeth, as I say, were clenched tightly and I could see that there was a tenacious ropy substance, whitish, and I had a great deal of trouble washing that out."

CITY BREVITIES

Capt. Harry Clark, of Battery E, has been appointed a member of the state artillery examining board.

George A. Bittler, who goes to Indianapolis to become a member of the state accounting board, has resigned his position as secretary of the local chapter of the American Institute of Banking. Walter Gardner, of the Hamilton bank, has been chosen to succeed him.

Carl Diether will return to Fort Wayne as agent for the Farquhar Furnace company, of Wilmington, O., and will open an office in the Shoaff building.

Guy J. Gilbert, of the money order department of the postoffice, is confined to his home by illness.

Vice President C. E. Bond, of the Old National bank, was in Toledo on business yesterday.

GETS PHILIPPINE JUDGESHIP.

Washington, Feb. 9.—The president sent to the senate today the nomination of Grant T. Trent, of Tennessee, to be an associate justice of the supreme court of the Philippines.

DISCUSS PLANS FOR RECEIVING MAN FROM ELBA

President is Taken Into Counsel on Return of Roosevelt.

Washington, Feb. 9.—President Taft today was given full details of the plans that have been formulated thus far for the reception to be tendered former President Roosevelt on his arrival in New York harbor some time between June 15 and 21. Col. John A. Stewart, president of the New York state league of republican leagues, discussed the matter with the president for half an hour or more today. There is some doubt as to whether or not President Taft will be able to participate, but it seems more than likely that he will.

Colonel Stewart said the idea was to have the steamer on which Mr. Roosevelt arrives met down the bay by a flee of yachts and harbor tugs and that there shall be a land parade of some sort. The plan for President Taft's participation is to have him present in New York city so that Mr. Roosevelt may call upon him. The day's celebration will end with a big banquet at which President Taft and former President Roosevelt will be the principal speakers. Colonel Stewart said that the reception was to be kept free of any suspicion of factional politics, and there would be nothing of the "return from Elba" movement connected with it.

President Taft had hoped to go to Alaska during the coming spring, but he said he would not go unless he could be back in this country June 22, when his son, Robert A. Taft, will graduate from Yale.

HOMESTEAD LANDS ARE ADDED TO BY TAFT

Pinchot System of Reclassification is Given First Operation.

Washington, Feb. 9.—More than 4,000 acres of public lands which were included in the forest domain were thrown out today and will be available for homestead settlement by the action of President Taft when he approved the plan for the re-classification of forest lands, which was formulated by Gifford Pinchot.

It had been found that millions of acres of land which were tillable were being held back unintentionally in the forest domain. In the state of Idaho alone more than 400,000 acres were so included. The plans for the elimination of those lands were formed by Mr. Pinchot and started last summer.

The elimination is not complete and three-tenths of the total public forests are yet to be reclassified.

Secretary Ballinger today withdrew from public entry more lands supposed to possess valuable water power sites or deposits of minerals.

More than 16,000 acres along the Brenau river in Idaho, and about 28,000 acres along the Salmon river in Idaho and Nevada, were withdrawn temporarily in aid of proposed legislation to affect water power sites.

The secretary also withdrew more than a half million acres in Wyoming supposed to contain valuable coal deposits.

NATIONALISTS ELECT REDMOND.

Dublin, Feb. 9.—John Redmond was today re-elected chairman of the nationalist party at a meeting at Mansion house. Fifty-four members were present. Timothy M. Healy and Wm. O'Brien and their followers, who had not been invited, did not attempt to participate in the election.

ABDUL HAMID HAS A FIT.

Paris, Feb. 9.—A special to the Matin from Vienna says that Abdul Hamid, the former sultan of Turkey, was recently seized with a paroxysm of frenzy and attempted to strangle himself with a silk handkerchief. He was prevented by a servant and was subsequently placed in a straight jacket. There is no confirmation of the story obtainable here.

STEAMER WILL GET LOOSE.

New York, Feb. 9.—The Mallory line steamer Brazos, which sailed today for Galveston, ran aground on the edge of the Ambrose channel on her way out of the lower harbor. The Brazos has on board a freight cargo and a number of passengers. It is expected she will be floated on the rising tide this evening.

FERGUSON TO QUIT THE GAME.

Terre Haute, Ind., Feb. 9.—Cecil Ferguson, pitcher with the Boston Nationals last year, and formerly with the New York National has announced his intention of permanently quitting the game. He has just closed a deal for a large general store in Ellsworth near here, and expects to become a business man.

Gus Williams an Indiana Soldier.

Veteran Comedian at Temple This Week Also a Veteran of the Great War.

"Say little man" said Gus Williams, the dean of German comedians, as he tilted back in his chair in his dressing room at the Temple last evening and gazed laughingly at a young reporter "I haven't got the nerve to tell you when I made my first professional appearance, I'm a veteran and all of that but its like digging into ancient history to talk about my first stage appearance. Besides it would give inkling of my age."

Mr. Williams wasn't at all serious when he said this for he has every reason to feel mighty proud of the magnificent manner in which Father Time has treated him. If ever a man showed signs of having found the famed Ponce De Leon fountain Gus does. You can better understand the vigor of the man when you learn that nearly half a century of prominence on the stage he plans to go starring at the head of his own company and that he will repeat his success of former years is amply assured.

Mr. Williams made his first appearance on a professional stage in 1864, at Huntsville, Ala., and under rather peculiar circumstances. He was then a member of Company F, 84th Indiana regiment, and secured permission from the commanding general to appear with a performing company during its engagement in Huntsville. It was the J. B. Ashton company, and Mr. Williams' first part was that of Carney in "The Pirate's Legacy." He continued to play heavies with the troupe and later while in camp in Nashville he also appeared with them. After being mustered out of the army he took up the stage as his regular vocation.

Mr. Williams has never lost his interest in the Grand Army of the Republic. He is an enthusiastic member and is now attached to the staff of commander-in-chief as an installing officer. Mr. Williams might have gone indefinitely as a "heavy" man, for his real career did not begin until he began playing German comedy parts.

Few professionals now alive can boast of more brilliant ones. Hale and hearty, looking less than fifty, he is sustaining his reputation nightly as an entertainer and comedian at the Temple.

FRITCH TRIAL IS BEGUN.

Jury Secured to Try Man Accused of Millman Death.

Detroit, Mich., Feb. 9.—After spending nearly a week in obtaining a jury the case against Dr. George A. Fritch, charged with manslaughter in the death of Maybelle Millman, of Ann Arbor, was begun here today before Judge Phelan. Miss Millman's dismembered body was found in three gunnysacks submerged in Ecorse creek last September.

The prosecution's strongest witness is expected to be Thomas Leach, a chauffeur, who has testified that he drove Dr. Fritch to Ecorse creek at midnight and waited in an automobile while three sacks which the doctor had brought from his house were thrown into the water.

THREE ITALIANS KILLED.

Feud in Mining Town Near Pittsburg Has Culmination.

Pittsburg, Pa., Feb. 9.—A feud among Italian miners which has for months terrorized the residents of Midway, a mining town near here culminated today in the killing of three men, who were shot down in their own homes. Two men who are believed to have done the shooting have fled and members of the state constabulary are pursuing the fugitives through the woods.

A lynching is probable if the fugitives, one of whom is John Marks, a grocer, and the other, Tony Puchy, a miner, are captured and brought to Midway.

FOUL MURDER OF A CHILD.

Five-Year-Old Found Strangled in Barn at Newark, N. J.

Newark, N. J., Feb. 9.—The brutal murder of a five year old girl was revealed by the finding of her mutilated body in an old broken down barn here today. Around the girl's neck a waist belt that the child had worn was tightly twisted. The police detectives had their hands full this afternoon trying to prevent an excited mob of foreigners from lynching a suspect who was arrested. The man was taken in custody in his bed at home. The police said blood stains were found on his clothing.

EXTENDING THE TARIFF.

Washington, Feb. 9.—The president has issued a proclamation granting the minimum tariff rates of the Payne-Aldrich act to Argentina, Brazil, Uruguay, Paraguay, Mexico, Panama and Liberia.

SEEK LIQUOR MONOPOLY.

Stockholm, Feb. 9.—A liquor monopoly for the exclusive manufacture of spirits in Sweden was organized today with a capital approximating $4,000,000.

POPE IN PERSONAL VIEW AFFIRMS ACTION

It Was Impossible to Receive Fairbanks Under Circumstances.

Rome, Feb. 9.—The pope today personally considered the recent incident involving former vice president Fairbanks, who was refused a private audience by the vatican because he insisted upon keeping an earlier engagement to address the Methodist society here.

His holiness said that he regretted that he had been unable to receive Mr. Fairbanks, but that he could not depart from the policy adopted, as to do so would appear to give recognition to the disloyal interference of certain protestant denominations.

CONGRESS PILING HONORS ON PEARY

ceive sufficient financial assistance to warrant the undertaking."

May Start Next July.

It is thought probable that the expedition may be ready to set sail from New York as early as July. The rapidity with which response for financial assistance is made by members or friends of the society will determine the date. It is hoped to have the south pole seekers start out not later than September next.

No spirit of rivalry to the British attempt to reach the south pole is being manifested, it is declared. The latter, which is to make its starting point at Coats Land, will travel over a territory hitherto entirely unexplored, while much is known, especially from Lieut. Shackleton's work, of that on the other side of the south pole, where he reached a point less than 100 miles from the goal.

PEARY GIVES $10,000 CHECK.

New York, Feb. 9.—Before an audience of more than 4,000 persons in the Metropolitan opera house last night Commander Robert E. Peary, discoverer of the north pole, was presented with a $10,000 check on behalf of the citizens of New York, but instead of retaining it for himself the commander announced immediately that he would contribute it towards the south pole expedition as planned by the National Geographic society.

The check was presented to the commander by Governor Hughes, of New York, at this, the first national testimonial in the explorer's honor.

Accepting the gift, Peary advanced to the front of the stage and said:

"Here is a check for $10,000. This check will be deposited tomorrow as a joint contribution of the members of this audience, the officers and committee of the Civic Forum and myself toward an American antarctic expedition for the purpose of exploration and scientific investigation and to enter the stars and stripes in a splendid manly international race for the south pole with our British cousins, than whom there are no finer foemen in the world."

Reception Was Enthusiastic.

The audience which greeted the commander last night was representative and enthusiastic. The gathering was held under the auspices of the Civic Forum. President Taft telegraphed that he was sorry he was unable to attend, but said he sincerely hoped that "congress will take some substantial notice of the great achievement of Commander Peary."

Governor Fernand, of Maine, also sent his regrets and the "greetings of the 700,000 men and women of his (Peary's) own state."

The assemblage adopted a resolution presented by Seth Low, former mayor of New York, setting forth "that this meeting earnestly petitions the congress of the United States to make some special and appropriate recognition of the achievement of Commander Peary in reaching the north pole, and winning for the United States the prize so earnestly striven for century after century by a great company of brave and adventurous men."

Peary delivered his illustrated lecture, showing his progress to the pole and Captain Bartlett spoke briefly.

HEMLICK HAD A FALL.

Jack Hemlick, a cigar maker, fell in front of the Arcade, on Berry street, this morning and cut a big gash over his left eye. Police Surgeon Studor fixed him up and he was arraigned in the city court for public intoxication and his case continued until tomorrow.

CLARKE HOWELL ILL.

Atlanta, Ga., Feb. 9.—Clarke Howell, editor of the Constitution, democratic national committeeman from Georgia, and a director of the Associated Press, was stricken with appendicitis early this morning. He was removed to St. Joseph hospital where an operation will be performed this afternoon.

PREVENTS A WRECK THEN OPERATOR VANISHES

Itinerant Brass Pounder Does Heroic Stunt to Rectify Mistake.

Albion, Ill., Feb. 9.—An itinerant telegraph operator "working extra" failed to hand over a train order and therefore is on his way but he retrieved his negligence and prevented a collision between two passenger trains by a trick of daring and strngth before he departed, early today.

Train No. 2, westbound and late, pulled out of the Southern railway station here without the operator having delivered an order to hold it for the passing of an eastbound train. He rushed frantically along the track, missed the steps of the last car and fell headlong.

On his feet again and running he caught the rear rail, pulled himself to the vestibule door, smashed the glass and stopped the train. There was just time to get back to Albion when the eastbound train rushed by.

The operator did not show up.

TURNERS AT MASQUERADE.

Prize-Winners in the Annual Event at Saengerbund Hall.

The Turnverein Vorwaerts gave its annual masquerade ball at Saengerbund hall last evening, and while attendance was scarcely up to former years, the event was entirely successful. Judges for the prize awards were William Fruechtenicht, William Fuhrman and Rudolph Gephart, and the successful ones were:

Ladies' Prizes—First, "Germania," Mrs. E. Hoffman, a jewel case; second, "Gypsy," Miss M. Wiese, a silver purse; third, "Flower Girl," Miss Ida Schroeder, umbrella; fourth, "Old Woman," Miss Anna Braun, ring.

Gentlemen's Prizes—First, "Tramp," A. B. Blombach, electrolier; second, "Uncle Sam Indian," J. S. Werthsbaugher, umbrella; third "Beggar Prince," G. M. Richard, hat; fourth, "Old Dutchman," S. L. Boerger, box wine.

CALLS UP INCOME TAX MATTER.

Resolution of Ratification in the Illinois Senate.

Springfield, Ills., Feb. 9.—Senator Hurburgh this morning called up in Illinois state senate his joint resolution ratifying the amendment to the federal constitution to provide an income tax. At the request of Lieut. Governor Oglesby, action was postponed until it could be learned whether a majority or two-thirds vote is necessary for the resolution to pass.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

FOURTEEN CAUGHT AT A QUIET GAME.

Crowd of Decatur Young Men Fined for Gambling—Den Raided Early Sunday Morning.

Decatur, Ind., Feb. 9.—John Diller, keeper of a soft drink parlor, was fined $10 and costs by Mayor Teeple, amounting to $20, and given a jail sentence of ten days for keeping a gambling room, yesterday afternoon. With him fourteen of Decatur's best known young men were fined $5 and costs amounting to $15 in each case.

Diller's place was raided by Night Officers Melchi and Geary early Sunday morning but was kept quiet until affidavits could be filed.

WILL EXPEND $21,285.

DeKalb Fuel, Light and Power Co. Make Improvements.

Auburn, Ind., Feb. 9.—George L. Dunbar, local manager of the DeKalb Fuel, Light and Power company has returned from Fort Wayne, where he presented to the board of directors of the company a proposition favoring a movement for the extension of the company lines in Auburn, Garrett and Kendallville and in consequence $21,285.00 will be expended in making improvements in the above mentioned cities.

The improvement will consist of the installation of mains, retorts and other improvements necessary to the giving of the best of service. The work of improvement will begin as soon as the frost leaves the ground, the first to be done in Auburn to be the extension of lines in the east part of the city. During the summer months fully two miles of main pipe will be laid in our city and consequently a large force of workmen will be given employment.

BANKER'S WIFE DEAD.

Mrs. T. J. Knisley Died at Home in Butler.

Butler, Ind., Feb. 9.—Mrs. Knisley, the wife of T. J. Knisley, a well known banker of this city, died yesterday at her home of a complication of diseases, after an illness of several weeks. She was a woman who was prominent in church and social affairs. Surviving are the husband and three children.

The funeral services will be held from the Butler M. E. church Thursday afternoon at 2 o'clock, interment to be made at Butler cemetery.

Charles Barnes Receives Sentence for Forgery.

Columbia City, Ind., Feb. 9.—Charles Barnes, age 23, the forger who has been waiting in the county jail from the time he was bound over to the circuit court by Mayor Bloom, on his plea of guilty to forging the name of W. H. Miner to a check for $9.75, was arraigned in the circuit court Tuesday before Judge Wrigley, and upon his plea of guilty was sentenced for two to fourteen years in Jeffersonville prison and fined $10.

Advice to Women

A Message from a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexions and to remove blackheads, crows' feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in sallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly called catarrh.

In fact this whole tendency is, properly speaking, Catarrh. Banish this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Mme. Swift, New York, the famous beauty specialist, known throughout the world and an accepted authority on all relating thereto, states that the one positive and permanent relief for catarrh is Rexall Mucu-Tone. Here is her letter:

"I can strongly endorse the claims made for Rexall Mucu-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the streength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Rexall Mucu-Tone, they will praise as I do its strengthening and healing qualities."

Rexall Mucu-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexall Mucu-Tone does relieve catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexions. Price 50 cents and $1.00 per bottle. Mail orders filled. It may be obtained only at our stores. The Rexall Stores. Meyer Bros. Co. Three drug stores.

DRASTIC ACTION TAKEN AT ROANOKE

All Public Gatherings Are Forbidden on Account of Epidemic of Contagious Diseases.

Roanoke, Ind., Feb. 9.—Roanoke has entered upon a most strenuous quarantine against measles and diphtheria, having now nineteen cases of the first named disease and one of the latter. All public gatherings are forbidden, schools and churches are closed, not even a public funeral is permitted and the congregation of the people in any number is strictly forbidden.

This drastic action was taken by Dr. J. W. Kemp, deputy county health commissioner, after he became satisfied that the epidemic had reached a stage where extraordinary precautions are necessary, and County Health Commissioner C. W. Fry has put his stamp of approval on the action of his deputy and pledged the support of the health machinery of the county to the measures.

For several weeks Roanoke has been battling with measles. A child exposed to the disease is said to have entered the schools after a visit outside of the city and to have been stricken with it in a few days. The measles became a common disease. It was quickly communicated and throughout the town there were measle signs placed upon the houses. Still the epidemic spread, the exposure of many children having borne fruit in the shape of widespread disease. Then, when many of the children of the town were weakened and suffering from the milder contagion, diphtheria made its appearance.

There will be no public funeral over the remains of Robert Smith, an aged citizen who died in Roanoke yesterday. It was planned to hold services at a church, but the plan was vetoed by Dr. Kemp because of the danger of a public gathering.

DECATUR VETS COMING.

Old Soldiers Will Attend Meeting Held at Fort Wayne.

Decatur, Ind., Feb. 9.—Joshua Parrish, commander of the Sam Henry G. A. R. post, has received a letter inviting the post here and all ex-soldiers to attend a meeting to be held in Fort Wayne on Wednesday, February 16. The meeting includes all ex-soldiers from the Twelfth district, and from this and Huntington counties and is for the purpose of enthusing the old standby comrades and to redeem the suspended and dropped, and to thus strengthen the ranks. The post here will attend and are already making arrangements. The announcement will be made later as to what car will be taken and other preliminary arrangements.

DISTURBED THE MEETING.

Young Women Fined for "Rowdy" Conduct in Church.

St. Marys, O., Feb. 9.—Misses Myrtle Powell, Edith Swartz, Emma Franklin and Rose Boyer each paid a fine of $1 with the costs in 'Squire Koenig's court after pleading guilty to the charge of disturbing a religious meeting. With the young women were David McCann, who was assessed $3 and costs, and Raymond Upperman, who got $1 and costs, with a suspended jail sentence of ten days.

The party "carried on" during meeting at the United Brethren church, at which time one of the party shuffled cards. They persisted after being warned.

POPULATION OF 5,075.

Municipal Census Taken Gives That to Kendallville.

Kendallville, Ind., Feb. 9.—The enumerators appointed to take the municipal census of the city have completed their task and they have turned their reports over to City Clerk W. P. Myers. A summary shows that Kendallville has 5,075 people, of which 2,494 are males and 2,581 females, which is a little more than 100 less than was reported in May a year ago in the census taken by City Clerk Myers. The summary also showed 30 empty houses, as against 65 two years ago and 10 one year ago in May.

AFTER SPORT GIRLS.

"Blind Tigers" Being Conducted by Them at Montpelier.

Montpelier, Ind., Feb. 9.—Some time ago the girls who run the Blue Front and Mascot sporting houses were notified to discontinue selling beer, but last night the officers, armed with search warrants, visited their places of business and confiscated a considerable amount of "wet" goods. Four cases of beer were found and were taken to the jail, where they will be kept for evidence. "Blind tiger" cases will be filed against them, and the mayor will prosecute them to the limit, he says.

THE HOTEL PROSPERS.

Bliss Hotel at Bluffton Declares Good Dividends.

Bluffton, Ind., Feb. 9.—The Bliss Hotel company held the annual meeting of stockholders Monday night at the Bliss hotel and Landlord Dell Locke entertained the remainder of the company at a banquet. The company reports a prosperous year, with receipts better than the preceding year, and a dividend of 6 per cent was declared.

MARRIED AT VAN WERT.

Van Wert, O., Feb. 9.—Edward Hobson, of Fort Wayne, and Miss Blanche Worline, of Convoy, were united in marriage at the residence of Rev. E. F. Gamble, of South avenue, this city. The ceremony was performed by Rev. Gamble in the presence of a few people. The couple will reside in Fort Wayne.

FOUR ARCHITECTS ARE AFTER THE JOB

DeKalb's Commissioners Will Select Court House Architect on Friday.

Auburn, Ind., Feb. 9.—The county commissioners have been busy this week with the architects who are submitting plans for the new courthouse which is to be built here. There are four firms competing: Mills, of Toledo; Johnson, of Indianapolis; Schmitt & Lehman, of Cleveland, and Mahurin & Mahurin, of Fort Wayne.

The first three firms' representatives have been here this week. The plans of Mahurin & Mahurin will be submitted tomorrow.

The new courthouse will cost $200,000 and in such splendid shape are the finances of DeKalb county that it can be built and paid for without any material increase of the county tax levy. In fact, a large amount of the funds for its building is already in the county treasury.

DeKalb is going to build quite a large number of new bridges throughout the county this year. The commissioners this week ordered notices printed for the construction of twenty-five bridges and arches.

HAD FRUITFUL REVIVAL.

Methodist Church at Pierceton Secures Many New Members.

Pierceton, Ind., Feb. 9.—During the last few weeks the Methodist church here has experienced the greatest revival in its history. The meetings have been conducted by Rev. Mr. Alexander, an evangelist, and his wife, assisted by a young lady singer, and 178 members have been added to the church. At the public services last Sunday there were sixty-six accessions, fifty-three being baptized, six of whom were children. The pastor of the church is Rev. W. R. Wones.

ALBION'S TREASURER

Resigns His Office and Will Go to New Mexico.

Albion, Ind., Feb. 9.—Owing to poor health, Ralph Halferty has tendered his resignation as town treasurer of Albion and a special election will be called by the town board to elect a successor. Halferty will leave for the southwest as soon as possible, probably locating in French, N. M.

MARRIED AT WARSAW.

Warsaw, Ind., Feb. 9.—J. C. Stout, clerk of Kosciusko county, and Miss Ethel Dickey, daughter of Mr. and Mrs. J. T. Dickey, were united in marriage yesterday at the home of the bride's parents, the Rev. E. H. Montgomery, of Aurora, Ill., officiating in the presence of about 150 guests. The contracting parties left for the west on a wedding trip.

READY FOR FINAL VOTE.

Commercial and Anthony Wayne Clubs to Pass on Consolidation.

The proposition for the merging of the Commercial club and the Anthony Wayne club, taking effect March 1, is now ready for a final vote of the membership of the two organizations. It will come before the Commercial club at its meeting Thursday evening, and before the Anthony Wayne club members Saturday evening.

The special committee of six members representing the two organizations was in session Tuesday evening on the proposition.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Foley's Kidney Pills

What They Will Do for Men and Women in Failing Health

The kidneys are the strainers of the blood. Diseased kidneys fail to eliminate the poisonous waste matter as it passes through them, and it re-enters the circulation, and upsets the whole system. It is an insidious trouble, as the change is gradual at first, but if neglected, it is likely to make rapid progress.

Headache, backache, "specks" before the eyes, irregular heart action, exhaustion, rheumatism and urinary irregularities are all signs of trouble that must not be disregarded. Foley's Kidney Pills strengthen the kidneys, and correct irregularities. They are healing and antiseptic, and assist nature to restore your health. They will purify your blood, and restore lost vitality and vigor. Commence taking them today, and you will feel better in a very short time.

Foley's Kidney Pills do not contain any harmful drugs and will cure kidney and bladder disorders that have refused to yield to other treatment, and if taken in time will prevent the development of Bright's Disease or Diabetes. You cannot be well, feel well or look well if your kidneys are deranged. See that you get the genuine Foley's Kidney Pills.

Awhile ago it was tainted money that disturbed the public mind. Now it is tainted meat. Disturbance generally is arising from difficulty of getting either.

Ann Arbor savant has proved on scientific grounds that there is a hereafter for the human soul. This ought to make the beef barons squirm and put cold storage to its proper humane uses.

The beef booster has gone back to the job in Gotham and prices for fresh meats are back to the old figure with promise of some new achievements in high soaring. Quickened demand, cold weather and collapse of the anti-meat crusade ascribed as the causes of the prices and the prospects. Civilized man in New York it appears cannot get along without meat. His necessities should be protected.

Senator Elkins hasn't been heard from since he absolved himself from his sins, washed his hands of the reactionaries, bid defiance to Aldrich and took himself, his bag and baggage, into the insurgent camp. There has not been, however, any word of recantation of his new-found faith and it must therefore be supposed he is still sticking to his repentance. All of which being true, it remains a fact that Aldrich is going to whitewash his tariff law in such fashion as best suits him. Confidence in this is reflected from many sides.

It has become reasonably certain that American explorers will contend against British expeditions for the honors of the south pole. Commander Peary has tendered the use of his arctic vessel, the Roosevelt, and donated $10,000 in cash to the proposed expedition, while the National Geographic society has resolved upon the undertaking. The Shackleton British expedition penetrated the antarctic regions to within 110 miles of the center and then was forced to turn back. Lieutenant Shackleton brought back information of the most important character to any expedition that may follow his footsteps and the next essay to reach the south pole has an excellent chance to succeed.

The secretary of the Illinois Manufacturers' association charges that in the last presidential campaign corporations were milked for contributions to the Taft election fund and that they submitted to it with the understanding that they were paying for protection. The corporations were instructed, declares Secretary Glenn, how to evade the law and they did evade it, all of which, he charges, was known to Mr. Taft. The complaint is that after having paid for protection the corporations are menaced with embarrassing and dangerous publicity through President Taft's corporation tax law, an act which the president now insists upon enforcing. This may well give rise in the executive bosom to fear that Trust Buster Ellis, as political manager in Ohio, may create fresh pain and added embarrassments for the administration.

Fort Wayne has three splendid hospitals all superbly equipped and admirably administered, but this city of 70,000 people has no public hospital. Save for the smallpox detention hospital there is no place for the special care of cases of malignant contagion. The city greatly needs this provision for the conservation of public health and the measure introduced in the city council by Dr. B. Von Sweringen, councilman from the Third ward, was purposed to supply it. The proposed ten-cent levy has failed to secure the approval of the mayor, not on the ground of any hostility to the project—for he says he endorses it—but because he thinks it too large and does not care to commit his administration to an increase of the tax levy, as might be the case. If there cannot be at this time a ten-cent levy let the administration and the council undertake to ascertain what percentage of levy can reasonably be made without prospect of necessity to increase the general levy and so give the project a start. A five-cent or even a three-cent levy, small though it be, will be vastly better than no provision at all and next fall no doubt a way can be found to increase it without resort to a general increase of the city tax rate. The project is too important to put by with nothing done.

The police department does itself credit in declining to have any willing part in the periodical raids on the disorderly houses of this city. That practice was one of the several disgraces of the Hosey police administration and that the reorganized department will not have anything to do with the vicious system of legal extortion is one of the signs of reform. Not a single moral end is served by levying this legalized blackmail on the miserable creatures who have been forced at intervals to march to the city hall and divide the profits of their shame with the city and state, nor can there be with not even the most frazzled shred of moral purpose underlying the practice. In this way it has been sought to give a species of extra-legal countenance to these houses of shame and their hapless inmates by exacting the tribute as a kind of license. For this reason, it may be, the number of houses was allowed to multiply at such appalling rate under the late administration. The more there were the more could be got from them. At any rate, it is well that the new police administration is to keep its hands out of these money-levying raids.

RESCUED FROM FLAMES.

New York Policemen Form Human Chain and Save Three Lives.

New York, Feb. 9.—Two policemen standing on a ladder and another in a window formed a human chain and rescued a woman and her two children from a burning house in Brooklyn. Mrs. Catherine Malone, her son of fourteen and a daughter sixteen years old were unconscious from the smoke when the policemen arrived. A ladder was placed at one of the bed room windows and while one policeman dragged the woman and her children to the window and handed them out the other officers passed the sufferers to the ground, where all three were revived. The fire had progressed so swiftly that a few minutes later the building collapsed.

THAW LOSES OUT AGAIN.

White's Slayer Fails in Latest Effort for Liberty.

Nyack, N. Y., Feb. 9.—Harry K. Thaw's latest application for his discharge from the Matteawan state hospital for the criminal insane was denied by Justice A. S. Tompkins in a decision rendered today. At the same time the justice appointed William Vanlnence as a referee to take evidence on Thaw's application for a transfer from the Matteawan asylum to some other institution. The referee is instructed to hold the hearings in Matteawan and submit the evidence to Justice Tompkins together with an opinion as to whether Thaw is being properly treated.

SIGN POSTAL UNION PACT.

Governments of China and Japan Come to Agreement.

Pekin, Feb. 9.—The governments of China and Japan signed a working agreement today on the basis of the postal union rules. The document affects Manchuria chiefly. China recovers its monopoly of mail carrying on its own railway together with equal rights over the Japanese railroads. China recognizes all of the Japanese treaty port postoffices and also six exchange offices in the treaty marts of Manchuria.

Provision is made for relations with other Japanese postoffices in Manchuria in accordance with local conditions.

China considers the agreement advantageous. The measure will become effective April 1.

FROM OLD SCHOOL TEACHER.

To The Sentinel: Milo R. Gorrell, of Scipio township, was born in Springfield township in 1863, was educated in district No. 6, of that township, except one term at the old M. E. college at Fort Wayne.

He began teaching when a mere youth of 16. He taught twenty-seven years successively in six adjoining districts. Teaching eleven years in district, No. 7, Springfield township. Our county attorney, E. G. Hoffman, getting seven years of his common school work under him.

He often remarks that it would be a great pleasure to vote for Ed for congress.

Many other prominent professional men were his pupils. Dr. G. O. Leighner, of Cincinnati, and Dr. G. Hoffman are among them, and at one time about seventy-five of the teachers of Allen county had been his pupils. Many of them are still teaching. He had the pleasure of graduating the first class in this county in common school work at No. 5, Springfield township. The class consisting of Miss Ella Leighner, Etta Boger, Nora Rabbitt and Anna Gibbons. Three of whom are now living and married.

Just twenty years later a daughter of Mrs. Nora Rabbitt Kinsey graduated under Mr. Gorrell. So he had the pleasure of graduating two generations.

The daughter, Miss Irene Kinsey, is now attending the Harlan High school, where Mr. Gorrell's daughter, Fae Gorrell, also attends.

He has five children, the oldest 18, the youngest 7. One thing peculiar is his children have always gone to school to teachers who were his former pupils, with but two exceptions.

Mr. Gorrell owns two good farms, one in Scipio township, the other just across the state line in Paulding county. He is now living on the one in Scipio township.

He was one of the speakers at the farmers' institute at Harlan this winter.

He has always boarded at home while teaching, having traveled about 50,000 miles going to and from school, or a distance equal to twice around the world at the equator.

He served as trustee of his township for nearly six years, teaching in Springfield township at the same time.

One of his great enjoyments is seeing his former pupils succeed in life and they are all his warmest friends. In all his teaching, he taught but one school with fewer than forty pupils. Most of his work was with about sixty, one year at No. 5 he had eighty-two. Mr. Gorrell has taken The Sentinel for about twenty-five years.

CAN ECLIPSE FINE LIMITED CARS IN SPEED

New Interurban Freight Equipment is Ready for Service.

Capable of a speed eclipsing the best of the present limited interurban passenger cars, the new freight equipment of the Fort Wayne and Wabash Valley Traction company will go into regular service Thursday morning, and it is said that it will enable the trolley company to vastly increase its freight-handling capacity.

One of the new 60-foot motor cars to which was attached one of the new 40-foot trailers was given a test run from Fort Wayne to Lafayette and return Tuesday by Superintendent of Transportation Hardy and Master Mechanic Jacques, and some of the speed possibilities of the new cars was demonstrated. The motor cars are equipped with the standard M. C. B. coupler and the power equipment of each consists of four 100-horse power motors. There are two of the new motor freight cars and four trailers, each with a carrying capacity of 100,000 pounds.

Old Lawsuit Still Lives.

The Fort Wayne and Wabash Valley Traction company has filed in the Kosciusko circuit court at Warsaw a showing against the dismissal of its appeal in the suit brought by the Fort Wayne and Northwestern Traction company. This is the case started in 1901 by the Dukes estate at Peru against the Nelson interests, involving the use of the old canal bed between Huntington and Roanoke by the interurban line. There have been several trials and as many reversals of the case, which was inherited by the present Wabash Valley company when it purchased the interests of the old Fort Wayne and Southwestern Traction company.

I. M. Zent, Who is Named for Postmaster at Auburn.

Auburn, Ind., Feb. 9.—I. M. Zent, who has been named for postmaster here, succeeding Major A. L. Kuhlman, is the agent here for the Vandalia railroad, a position he has held for years.

There was a strong fight for the postmastership, the other candidates being Major Kuhlman, M. E. Garrett and Frank DeDew. It is said Mr. Zent will enter upon his new duties on March 1.

KING GUSTAVE GETTING ALONG.

Swedish Monarch is Making Satisfactory Progress.

Stockholm, Feb. 9.—The following bulletin was issued at noon on the condition of King Gustave, who was operated on for appendicitis:

"The king feels fatigued, but suffers less pain and the general condition of his majesty gives ground for the hope that the malady will pursue a normal course."

Later at the palace it was stated that the royal patient's condition was satisfactory.

MARKET FOLK TALK OF DEMANDING REBATE

Say Present Tenancy of the Stands Gives Rights Until June.

Lessees of stands upon the city market are considering the formulation of demands upon the city for a rebate of their rental money sufficient to cover the interim between the earliest market day this spring and June 1. This is based upon the action of the city which bars the market folk from their locations during the construction of the new market house, work upon which is shortly to begin.

The matter was very freely discussed upon the market yesterday. The tenants of the stands say that when the stands were purchased by them in June last the tenancy was plainly understood to be for the period of a year, and that they had no reason to suppose that immediate action was to be taken toward the erection of a market house. They have paid their money, it is asserted, and contend that if the city will not permit the use of the market spaces until the expiration of the implied term of the lease, it should rebate to bidders the unearned prorata of the figure at which the stand rights were sold them. The matter has not yet been taken up officially with the municipal officers.

IN THE THEATERS

MAY ROBSON

In Delightful and Successful Comedy This Evening.

Here is what the New York Herald of November 13 had to say about May Robson, who comes to the Majestic theater this evening.

"Standing like an oasis in a desert of dreary and weary plays, "The Rejuvenation of Aunt Mary" with May Robson in the title role will be held by many as the best comedy seen here this year. This statement, while it may seem extravagant, is entertained by the audience which greeted the opening performance. To miss this play is to miss one of those rare and delightful treats which come but seldom in a theatrical season.

"Devoid of all problems, suggestions or coarseness, the play is one of sweet simplicity. It is refreshing from the rise to the fall of the curtain. There is truly a laugh in every line and a smile in every action.

"The play is from the pen of that talented magazine writer, Anne Warner, and that woman has given to the stage a creation which has proven a panacea for the blues, and affords a most delightful evening.

"Clear cut as a cameo is the wit. The audience, when not in a titter of suppressed laughter, is boisterous in its applause. There is blended a touch of pathos, just enough to tighten the tension and allow a fuller and free relaxation at the next bit of humor. There was more genuine, sincere and spontaneous laughter in the lines of that show than any half dozen comedies that have preceded it or will succeed it. And it was not all lines, either. There was character work that told the story when not a word was spoken.

"For facial expression it is doubtful if Miss Robson has a superior. The play is the thing admitted, but it takes splendid acting to make the sayings and situations ring true, and this was done.

"To praise the favorites would be to print the program. Without being claimed or advertised as an 'all star cast' the supporting company, without exception, seem to live rather than act the sweetest, simplest play of the season."

LAUGH-MAKER A BIG HIT.

Preston-Brickert Players Score Success With "The Circus Girl."

Clearly entitled to first rank as a laugh-maker, "The Circus Girl," which was given its first performances at the Majestic yesterday by the Preston-Brickert players, kept two large audiences in a pretty nearly continuous roar of merriment, and incidentally proved one of the most conspicuous successes in which the popular stock players have yet been seen. It proved also that the Preston-Brickert organization is as skilful and as pleasing in the presentation of genuine farce comedy as in the more serious productions in which the company has heretofore been seen.

The story centers about the complications which an intendedly innocent bit of flirtation involves a young husband during his wife's absence, and his attempts to extricate himself only get him deeper and deeper into the meshes as a victim of circumstances. His resort to prevarication is both marvelously resourceful and immensely laughable, and the complex entanglements supply a thoroughly engaging pot pourri of indescribably funny situations. "The Circus Girl" affords Mr. Brickert opportunity for a striking manifestation of his versatility, and the popular young leading man whom the public has been accustomed to see in serious roles is delightful as a comedian. Miss Eaton's rendition of the character of Rose Columbia, the circus girl, is in many respects the best thing Miss Eaton has yet done here, while the work of Miss Hall as the mother-in-law is a genuine triumph. Other members of the company were entirely acceptable. Miss Knox, the new ingenue of the company, is seen as Daisy Maitland. She reads her lines excellently and made a most favorable first impression in this city. "The Circus Girl" has abundant merit as a laugh-producer, and it will be thoroughly enjoyed during the remainder of its local run—Thursday, Friday and Saturday.

SOCIETY BELLE AND STAR.

Miss Gladys Hanson With Kyrle Bellew.

Gladys Hanson, a brilliant young society belle of the Southland and formerly leading lady with E. H. Sothern during last season when Miss Julia Marlowe was appearing at the head of her own company, is to be seen here in the leading female role with Kyrle Bellew in Alfred Sutro's masterful four-act play, "The Builder of Bridges," which comes to the Majestic Tuesday evening, Feb. 15. Mr. Bellew is to be congratulated upon acquiring the services of this talented actress who achieved such an emphatic success while associated with Mr. Sothern. Though still a very young woman Miss Hanson, who but two years ago was an Atlanta society girl, has received unstinted approbation at the hands of the leading dramatic reviewers wherever she has appeared. Charles Frohman has expressed profound admiration for her painstaking and conscientious work, and predicts a brilliant future for her. The entire New York cast and production, just as presented during the long season at Hudson theater, will be seen here complete in every detail. Mr. Bellew has insisted upon the original company being retained for the road tour, there are no substitutes, no cutting down of the scenic equipment and no curtailment of the elaborate production in any manner.

THE LYRIC THEATER.

An act that is pleasing the Lyric patrons immensely this week is that of the four Venetian Street Musicians, known as the world's greatest string quartet. They certainly are justified to this title as their music is very fine, the special scenery is beautiful and represents Venice by moonlight. M'lle Latina, known as the female Sandow, is seen in a posturing act of refinement that pleases all. Jennings and Renfrew are original black face comedians.

When this Bank was first started many people openly said, "There isn't room for it. They will starve to death." Then they got very busy trying to make banking conditions so hard that their prophecy would come true. But the people were on the side of the new institution, and when the people are for you, who can be against you? With the aid of the people our bank has prospered and grown until today it is with a single exception larger than was any of the Fort Wayne banks at the time this bank was started. If there wasn't room for it, the German-American made the Room.

On certificates of deposit, 4 per cent interest is paid if money is left six months. If left only four months 3 per cent is paid.

Four per cent paid in our savings department on money left four full calendar months. Interest compounded every 6 months and paid to the depositor or added to the principal.

How about the earnings? The German-American has not been unmindful of the fact that every business must be judged by the "amount of meat that sticks to the ribs." Most new financial institutions feel good if for the first year they make expenses and break even. Then they take two or three years before they begin paying dividends. This Bank paid expenses from the day it opened and went on to a dividend basis after the first 9 months. Its percentage of profit upon its capital and surplus has been greater than that of any other banking institution in the city. During the five years of its existence it has earned more surplus than all the other Fort Wayne banks put together. We wonder what condition was necessary in order that there might have been room for this bank."

Miss Flora Shank, of Indianapolis, who is conducting the contest, is gratified with the result and during her stay in this city has addressed a number of meetings on association work. Its scope and influence. During the contest it is required that the names of new members be reported each Tuesday and Friday to the association.

The regular monthly meeting of the official board of the Y. W. C. A. was held this morning at 10 o'clock, Mrs. W. J. Vesey presiding. Routine business matters were transacted and the membership contest discussed.

Under the auspices of the Geneva club of the Y. W. C. A. a Japanese social will be given in the parlors of the association building next Tuesday evening. The social function was planned for this evening, but was postponed. The rooms will be appropriately decorated with Jap creations and the dining room will be converted into a most inviting tea garden, resembling those in the land of the cherry blossom. Quite a number of the young ladies will appear in Japanese costume and all members and friends are cordially invited to participate in the evening's festivity.

GOLDEN JUBILEE CELEBRATED.

St. Charles Benevolent Society to Observe Anniversary August 14.

The golden jubilee of St. Charles Borromeus Benevolent society of St. Mary's Catholic church will be auspiciously celebrated on Sunday, Aug. 14, 1910. Although its observance is several months hence, plans are already under way and the jubilee promises to be one of the most notable events in the history of the parish.

Under the auspices of the above named society the family social reunion at St. Mary's school hall Tuesday was a great success. There was an excellent attendance of members from St. Mary's, St. Peter's, St. Paul's and the Precious Blood churches and the festivity was enjoyed by all. It marked the suspension of all social activities in the church until after the close of the Lenten season, which opened today.

Hilker's orchestra rendered a musical program and vocal numbers were given by the choirs of St. Mary's and St. Peter's churches under the direction of Prof. Peil, organist at the former church. A solo was also rendered by Edward Derheimer. Pedro furnished amusement for the evening and there were many players. The awards, donors and recipients were as follows:

Ladies' awards: Gold jewel box, donated by Gustave Berglioff, received by Mrs. John Hagemann. Three pounds of candy, donated by William Wunderlin, received by Mrs. Joseph Baker. Hand painted cracker jar, donated by George Haffner, received by Miss Johanna Kocks. Bottle of perfume, donated by D. & N. pharmacy, awarded Mrs. Lyria Hecht.

Men's prizes: Umbrella, donated by Herman Bueter, received by William Hupp. Ham, donated by Peter Eckrich, received by Barney Linnemann. Box of cigars, donated by Louis Ankenbruck, received by Philip Reis. Pocketbook, donated by D. & N. pharmacy, received by Matt Mettler.

Among the visitors at the pre-Lenten celebration was William Rademacher, of Milwaukee, Wis. He is a brother of the late Rt. Rev. Joseph Rademacher, third bishop of the diocese of Fort Wayne. Mr. Rademacher has a number of friends in Fort Wayne, whom he visits about twice a year.

MARIAN CULTURE CLUB.

Academic Students of St. Augustine's Plan Debate.

The Marian Culture club at St. Augustine's academy is formed by the young women in the academic department and has for its object self improvement in literary work and deportment. A debate is scheduled for the second week of March and will take place between the third and fourth academics. The surveillant committee of the club is formed by Miss Gertrude Hagen, Miss Irene Noll, Miss Esther McCarthy and Miss Alice Burns, whose duty it is to make reports at the meeting of the progress of the club members. The meetings are held regularly on Monday mornings from 8:30 until 9 o'clock. The first promoters of the club are Miss Mary Henderson and Miss Isabelle McDonald, who furnish talks and papers on rules in polite society, conduct at table, domestic science and hints in the culinary department. Miss Clara Schone and Miss Helen Reilly present papers on travel and discuss historical topics of import. Current events at home and abroad are thus presented to the club members and discussed.

The widely read newspaper magazine "America," published by the Jesuit Fathers, is a weekly visitor at the reading table at the academy and is used by the Marian club in its talks and discussions. The young women are very enthusiastic over the progress of their organization and much good is being accomplished through its systematic conduct.

FINANCIAL REPORT.

Rector of St. Peter's Church Makes Statement for Year.

Rev. Charles H. Thiele, rector of St. Peter's Catholic church, has issued the financial statement for the parish for the year ending December 1, 1909. The balance on hand at last report was $2,046.37, which together with receipts for the year 1909, amounted to $15,647.72; expenditures amounted to $12,716.07; balance on hand $2,931.65. Debt on church property at last report was $16,000, at present report $14,200. The amount of insurance on church property is $70,000 and the school building fund amounts to $2,272.98. The church trustees are Michael Kinder, Philip Wyss and Philip Graf.

The parish is in a very flourishing condition and much has been accomplished during the past year. Among coming social events in the parish the Young People's Dramatic club will present "The Man With the Iron Mask" shortly after Easter. The organization contains some of the best talent in the city and the entertainments at St. Peter's hall are at all times very liberally patronized.

CATHOLIC OBSERVANCE.

Services of Ash-Wednesday Open Lenten Season.

The impressive services of Ash Wednesday ushered in today the season of Lent. High masses were celebrated this morning in all of the Catholic churches and were followed by the distribution of ashes. This evening services will be held in the churches at 7:30 o'clock. The recitation of the rosary will be followed by sermon and benediction of the blessed sacrament.

Rev. John F. Noll, of Hartford City, will deliver the Lenten series of sermons at the Cathedral of the Immaculate Conception.

At St. Patrick's church the sermons will be preached by the assistant, Rev. James Durham. His topic tonight is "The Value of the Immortal Soul."

Rev. Michael Alchinger, assistant to Rev. Charles Thiele, will deliver the sermons at St. Peter's. Tonight he will speak on "Eternity and Its Consequences for the Immortal Soul." His effort will be based on the text, "If a tree falleth north or south, there it will remain."

The Wednesday evening Lenten sermons at St. Mary's will be given by the assistant, Rev. Gustave Hottenroth. The general topic of his series of sermons is "Sin and Its Atonement." He will preach in German tonight on the topic, "The End of Man."

Rev. H. F. Joseph Kroll will preach the Lenten sermons at St. Paul's and Rev. Chrysostom Hummer, C. PP. S. at the Precious Blood church.

Friday evenings at 7:30 o'clock "The Way of the Cross" in the church will be followed by benediction. On the Sunday mornings during Lent at the 7:30 o'clock mass at St. Mary's church, Rt. Rev. Mgr. John H. Oechtering, V. G., will deliver the sermons.

FELL THREE STORIES TO DEATH.

Fugitive in Salt Lake Drops Among Street Crowds.

Salt Lake City, Utah, Feb. 9.—Coming from the tragedy of a moveing picture show a crowd on Third South street, was horrified by a real tragedy last night. A large object hurtling it seemed from the sky fell upon the sidewalk and lay at the feet of the pleasure seekers a crushed and bleeding corpse. The victim is believed to be Groeg Johnston, of Denver. He had been prowling about the alleys in the business section and two policemen were looking for him as a suspicious character. In his flight he knocked down a night watchman and finally climbed a fire escape to the roof of the Lena theater. The officers lost the trail and were still looking for the fugitive when screams in front of the building explained his disappearance. Johnston had evidently reached the roof and jumped to the sidewalk, three stories below.

There will be a quiet home wedding at 5 o'clock this afternoon at the home of the bride's father, Charles Pape, 924 St. Mary's avenue, when Miss Edna Helen Pape and Mr. Perry A. Shober are married by Rev. Paul Stoeppelwerth, of Trinity Lutheran church. There will be no guests other than the immediate members of the two families. At 6 o'clock a wedding dinner will be served and later in the evening the bride and groom will go to their home in the Pennoyer apartment, 411 West Creighton avenue, which is ready for housekeeping. The bride is a very attractive and pretty looking young woman and is a popular member of the Eta Alpha society and other social organizations. Mr. Shober is the only son of Mr. Gart Shober and has a large acquaintance in musical and business circles. For some years Mr. Shober has been director of Shober's orchestra, which he made known as one of the best organizations in the city and he has been associated in business with the D. C. Fisher insurance agency for several years.

Dr. A. E. Bulson, jr., gave a beautifully appointed dinner party in one of the Hotel Anthony's private dining-rooms last evening in honor of the ladies who had assisted Mrs. Bulson during the afternoon at her bridge party. The table was decorated with American beauty roses which filled a tall vase in the center of the table and were scattered over the cloth. Plumosus was mingled with the flowers. The place cards were embossed with the letter B in gold. While waiting for the dinner to be served the guests were seated in the reception room adjoining the corridor of the hotel and there the decorations were pink roses and ferns. At the close of the dinner the honor guests were presented with bouquets of beauty roses tied with satin ribbon of the same color. Covers at the dinner were laid for fourteen.

DAINTY SILK PAJAMAS.

PHOTO. BY JOEL TEDER.

These stunning pajamas, made from Chinese silk, and elaborately embroidered in gold, are exceedingly attractive, and just at present are a fad with women of fashion.

Made from dark colored silk, these night clothes will be particularly pretty worn by light haired matrons.

Household Expenses Often Reduced by Careful Accounts.

Systematic Bookkeeping Enables Many Housewives to Reduce Expense of Daily Food Stuffs.

Keeping household accounts will lose many of its terrors to a young woman who keeps a special book and compares expenses from month to month, for, uninteresting though this may seem, a girl who has been in the habit of spending her money without careful consideration will find real interest in noticing the sliding scale of food supply, and that the necessities of one week become the luxuries of the next.

Eggs, for example, have developed a positive fascination for one bride who went to housekeeping this autumn. All over the country they have risen in price, and this girl began by paying thirty cents a dozen for fresh laid, and this month she is giving fifty-five cents for the same quality. Whereas eggs were formerly a common breakfast dish they are now slated among the luxuries to be indulged in only occasionally.

Sausages at this season serve as a substitute, and the bride's thrifty soul rejoices to find she can buy them home made for precisely half the price she had paid for a well known brand, and she makes a saving on the weekly expenses that permits of her indulging in an occasional duck or something else to be regarded as a treat.

Inspection of her household book shows that grape fruit, once regarded as only a company delicacy, may now be classed among the economical articles of food. The young homemaker has found them as cheap as three cents each—small, to be sure, but good. Combined with a five cent head of lettuce she makes a particularly delicious salad with French dressing, amply sufficient in quantity for three persons.

Grape fruit taken from the skin and served(iced, in glasses, makes a substitute for soup at dinner and costs a few cents less.

Certain cuts of beef that formerly the young housekeeper thought cheap have been affected by the all prevailing increase in price of food stuffs, so she has given up buying "soup meat" as such and purchases instead ends and trimmings that are sweet and good, but too irregular in size to sell by the pound. Milk soups have been cut off as too expensive, for it takes almost quart of milk, at least one vegetable, butter, etc., to make sufficient for two persons. Veal pie, well seasoned she finds among the most economical of dishes, for there is always broth left for soup, and the dish itself is delectable. Judicious buying, which she has learned from experience, reduces the cost of the meat, which is sometimes expensive.

All this proportionate scale of living she has learned from keeping and comparing accounts.

How to Keep White Hair Snowy White in Winter

No Tonics Except White Vaseline Must be Applied to Scalp.

White hair is more difficult to keep a snowy hue than any color. Incidentally, almost any tonic that will tone the scalp and strengthen the roots will also streak or yellow the locks.

Even shampooing white tresses is a problem, for ordinary methods will, of course, cleanse, but will not make the silvery whiteness desired. Therefore, a special kind of wash must be applied, and for whitening as well as cleaning nothing is better than the raw whites of eggs.

To prepare such a shampoo mixture beat the whites until they are stiff enough to break and add a teaspoonful of water to each egg. For an average amount of hair three will be required. The application is rubbed thoroughly over the head and into the scalp and the rinsing done with clear water. No soap is used.

Dry the hair by rubbing with soft towels. Heat will cause it to become brittle and break easily, and this should be avoided, as in advanced age it is not likely to be renewed—certainly not quickly—so special care should be taken.

In some cases I have found white vaseline used on the scalp will not discolor white hair, and I certainly think that when such locks become lustreless and dry, it is the best application to use. To apply it the hair should be parted at close intervals and the grease thoroughly rubbed into the scalp with the finger tips. If this is properly done the head is nourished, without the tresses having the slightest appearance of greasiness. Every other night is often enough for this treatment.

Glycerine diluted one-half with rose water acts advantageously in other cases. This may be applied with a small bit of absorbent cotton.

Should this cause the scalp to burn its use must be discontinued.

The hair brush used on white locks must be kept scrupulously clean, otherwise the oils it collects from the scalp will discolor the hair in a short time. Twice a week the bristles should be washed in strong ammonia water, shaking them quickly, rinsing in hot and then in cold, before standing the brush on end so the moisture will run out rapidly.

When the hair is really white, and not iron gray, it is desirable to rinse it occasionally in indigo water to bleach it. The chemical should be bought at the drug store and enough put into the final rinsing water to make it light blue. This acts on the hair as it does on white clothes.

SHIRT WAIST GOODS.

Madras is one of the best fabrics to develop with tailored shirt waists. It is soft, yet substantial, wears well and is not difficult to launder.

Some of the new madras patterns for the spring of 1910 are attractive.

They are brocaded effects, stripes, also neat conventional figures.

Prices are from thirty-two to forty-five cents a yard.

Handsomer shirt waist materials in a variety of novelty designs are more expensive, being from eighty-five cents to $1.50 a yard.

SOFTEN NEW GLOVES.

If new gloves are placed between the folds of a damp towel for an hour before being worn they are much easier to put on. The damp causes the kid to become more pliable, so that they will stretch to the required shape without cracking or splitting.—Woman's Life.

Braised Beef.

Select a nice piece of beef from the round or shoulder. Tie in shape. Put one onion, one carrot and one turnip, sliced, in the bottom of the pan and put the meat on top; add one quart of hot water, cover the pan and put it in ah ot oven and cook 25 minutes to the pound. When the meat is half done sprinkle with salt and pepper. Baste every fifteen minutes. When the meat is done dish and garnish with vegetables. Put two tablespoonfuls of butter in a pan, brown, add two tablespoonfuls of flour, brown again. Put one pint of water into the pan in which the meat was braised, let it comes to a boil, strain it into the flour and butter, stir and boil again, season with salt and pepper to taste. Add one tablespoonful of Worcestershire sauce and pour it over the beef.

Parisian Charlotte.

Soak one quarter of a box of gelatine in one quarter cupful of cold water. Make a custard with one cupful of thin cream, four eggs and one-half cupful of sugar, add the gelatine; stir until dissolved; strain and set aside until cold. Whip one cupful of heavy cream to a stiff froth. When the custard begins to thicken beat to a foam, add lightly one quarter of a pound each of macaroons and lady fingers, one cupful of grated cocoanut, one teaspoonful of vanilla, two tablespoonfuls of sherry and the whipped cream, turn into a wetted mold and set away until stiffened.

Wouldn't Allow It.

"I always said," says a bright woman, "that I would never allow myself to become a rheumatic old woman, hobbling around on a stick and murmuring my jaws on account of nervous ailments, but horror of horrors, two years ago the rheumatism came and general debility with it.

"I didn't waiste any time but set to studying the question from a scientific standpoint and came to the conclusion that improper food was the cause of the trouble so I discarded meat, hot bread, pastry, and all foods prepared in lard and made up a new menu in which Grape-Nuts was the principal food. By this simple, pleasant change I not only got rid of the rheumatism but I made a big gain in other ways too.

"Today I am glad to tell you that I haven't a pain or ache anywhere in my body and, although I do a great deal of literary work, my brain forces are clear and active, nerves are strong, and I am never troubled with insomnia. I weigh 145 pounds and am 65 years old. You will have to agree with me when I say I consider myself a worthy exponent of the beneficial and nourishing results of Grape-Nuts to which I owe my splendid health."

BIG FIGHT WILL BE PULLED OFF AT FRISCO

Promoters Agreed Upon This at Conference Yesterday.

Salt Lake City, Utah, Feb. 9.—The Jeffries-Johnson battle for the world's heavyweight championship on July 4 will be fought in or near San Francisco.

Following a day of short conferences between Tex Rickard and Jack Gleason, the disputing promoters, this unofficial but authoritative information was gleaned last night. The fight will be held in Coffroth's Colma arena at San Mateo, near San Francisco, or in San Francisco proper.

The conference ended with Rickard gloomy and Gleason chesty. That Rickard has given up all hope after County Attorney Job P. Lyon's declaration Monday night that the fight cannot be held in this county is undisputable, and Rickard is quoted as saying that the fight undoubtedly will go to California.

After the conference ended, however, Rickard gave out that no decision had been reached, and that negotiations with Gleason had been broken off temporarily, and that no definite announcement would be made for a few days until he has another conference with the California promoter.

Certain city officials and the Weber club, of Ogden, forty miles north of here, are trying to secure the bout, but the effort is not regarded seriously. Rickard, in an effort to deface his defeat, is understood to have advanced Los Angeles as a good place for the fight.

MORE WOE FOR JACK JOHNSON.

Hated to Court in Detroit Because Pet Dog Bit Citizen.

Detroit, Mich., Feb. 9.—Jack Johnson was summoned last night to appear in the recorder's court on Wednesday and plead to the charge of harboring a vicious canine. The said canine is a valuable bulldog. Johnson was out giving his pet an airing and failed to keep him in tow. The dog suddenly sprang at Samuel Lewis, lacerating his arm and tearing his coat sleeve. Johnson pulled him off and Lewis went to the recorder's court and made a complaint. As Johnson prizes his dog highly, he probably will make a hard fight to keep him from destruction.

MAY DELAY JOHNSON'S TRAINING.

New York, Feb. 9.—The fear that criminal court proceedings may interfere with the appearance of Jack Johnson in the prize ring on July 4 was intensified in some quarters when Justice Goff granted the district attorney's motion to strike the charge of assault against Jack Johnson from the present calendar.

Johnson's lawyer protested against this, saying his client desired an immediate trial; but the district attorney said he had not had time to prepare the case and it went over to the March calendar. The prosecution declares it has a strong case and will not accept a compromise.

BENDERS AND STAGS TO REPOTR ON APRIL 11

Notre Dame for Grand Rapids and Springbrook for Others.

South Bend, Ind., Feb. 9.—Reporting day has been fixed by Bert Annis, owner of the Grand Rapids club and joint owner with Eddie Wheeler, of the South Bend club, on April 11, and both squads will report here, one to go to work at Springbrook park and the other to work out at Notre Dame.

While denial upon denial has been fired at the report that syndicate ball is to be played in the Central league this season, appearances indicate that Bert Annis will be the controlling spirit in three clubs, and that if he can get a couple more lined up with him he will own the Central league and will be able to dictate its policies.

In the first place Angus A. Grant had not formally arranged for his own release until after he had bought the Evansville club, and he has been here closing up affairs and has been in close touch with Annis ever since he was able to leave the bedside of his sick parents at Defiance, O. Then the two clubs in which Annis is directly interested are brought here to train under his eye and they will be combined for a trip to Dayton and to other places, if games can be arranged, and on the surface things do not have the right look.

At any rate Eddie Wheeler is promised some good home support this season and when the schedule is played through patrons here venture the opinion that South Bend will be included even if there is a redistricting of the territory. As a matter of fact the business men here realize that unless they rally around Wheeler they will lose the team as it is generally believed it is here simply on probation and likely to be lost unless the attendance figures are increased.

While reporting time has been fixed a bit early considering the fact that the schedule will not call for the opening games until a couple of weeks later than usual, Eddie Wheeler is hustling for exhibition games and hopes to make his training expenses out of the early season engagements with major league clubs.

Charles "Red" Cogswell is a possibility for the Evansville club this season. He is located at Eagle Lake, Michigan, and Manager Grant and Eddie Coffey are spending a day or two with him. He had such a remarkable batting average last season that Grant believes he can afford to carry him, although his base running, fielding and throwing are not bang up.

The presence of Ollie Chill here a few days ago when he was in quest of Dr. Frank R. Carson, caused some comment and he did not divulge the real cause of his mission. It is believed, however, that he wanted the president to save him a berth so that if he fails to land in the American association he will have a place to fall back on. President Chivington has several men on trial and he will keep only the best. Chill ought to make good and believes he will, but if he does not he would like, it is thought, to get back with the Central.

Contracts will be sent out to the players on the Grand Rapids club tomorrow and Mr. Annis contemplates little trouble with his men, as he has fixed the salaries as high as he believes the men can expect.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor, often proves dangerous. An attack of the grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by all dealers.

KLING CASE COMING UP.

May Be Decided by National Commission on February 23.

Chicago, Ill., Feb. 9.—The fate of Johnny Kling, the Cub holdout who has applied for reinstatement, will probably be known on February 23. President Johnson of the American league announced that he had received notice from Chairman Herrmann of the national commission calling for a special meeting of that body on the above date. Mystery surrounds the purpose of the gathering, as Herrmann failed to state anything in detail, but it is taken to mean that the application of Kling will be the principal business to come up for disposal.

STRATTON NOT SURE HE WILL JOIN WHEELING

Big Catcher Has Given Out That He Will Not Play Ball.

Wheeling, W. Va., Feb. 9.—Most distressing news in the shape of the announcement that Milo Stratton has practically retired from baseball has been given to local fandom and while none of the reasons assigned by the big catcher for quitting the game have been given out the matter has been accepted here as the truth and many are mourning his loss to the team.

Locally and in many other towns of the league Stratton was considered the best catcher in the league and in Krebs he had an excellent understudy, but the latter has been sold and if there is any truth in the rumor from New Orleans, where he is spending the winter the local club will be in bad shape in the spring for material.

Manager Bill Phillips is inclined to think there is something wrong in New Orleans. Big Bob Tarleton wants to join the New Orleans club and has written here to know whether or not he will be allowed to open negotiations with the management. In reply he got a very emphatic refusal and it is possible that he is a bit miffed because another man has been signed for a trial on the bag.

Be this as it may the manager has willed that he will play with Wheeling or not at all and it is likely he will be here all right when it rolls around to training time. This may also apply to Stratton. There is no good reason why he should quit the game. He is on his way up, is a heady backstop and it may be that some dickering with him at New Orleans has made him dissatisfied.

In event he does not sign when the times comes the club will be forced to rely upon McGinley, recruited from the East Liverpool club, unless Phillips can dig up another man to put back of the bat. Owners here are not worrying greatly about either the first baseman or the catcher as they believe both will soon be in the fold.

IRON FOR THE BLOOD.

Doctors agree that iron is an important element for the blood, and that its deficiency is the cause of anaemia, run-down conditions and a general weakness. CHICAGO FAN DID NOT FORGET

Tim Hurst will always recall with delight a little run in that he had with a Chicago fan several years ago, as well as the sequel to the story. Tim was working an unusually hard series in Chicago and was more than having his troubles trying to please the excited populace. On the day in question the Chicago rooters imagined Tim had given them all the worst of the close decisions, and they didn't hesitate to tell him so, as well as express their opinion of him without minding words.

"Why don't you retire, Tim?" said one unusually sore fan, as Hurst wended his way under the grand stand to his dressing room.

"I will when I go blind," replied Sir Timothy, a broad smile playing over his face.

"The fans think that was about you now," was the immediate reply.

"Possibly," replied Tim, who refused to get sore, "but Mr Johnson don't, and you know he signs the checks every two weeks."

By this time Tim had reached his dressing room and the repartee of the fan was lost. Tim added another victory to his long list of arguments won, and thought the incident closed forever. Imagine Tim's surprise, however, when a few weeks after he had been dropped from the American league staff, he received a letter from Chicago which read as follows:

"Evidently Mr. Johnson has formed the same opinion of you as the fans. Now you are free to go back to drivers a hack. A Chicago Fan."

Tim has come to the conclusion that the baseball fans of Chicago "know, but never forget."

KNOLL READY TO LEAVE.

Is Disposing of His Interests to Go to Dayton.

Evansville Ind., Feb. 9. Punch Knoll will leave Evansville shortly for Dayton.

Punch is now working out every day in a gymnasium in the Evansville has had "fifth leaves." His exercises consist of swinging dumbbells, suspending on trapezes, manipulating Indian clubs and other athletic diversions.

"I guess I'll be an acrobat before long," said Punch Saturday. "Don't be a bit surprised if I buy my release from Dayton to join a circus."

Knoll will have his family at Dayton in the summer season but expects to continue his winter home in Evansville.

S.S.S. RIDS THE SYSTEM OF CATARRH

Catarrh comes as a result of impurities and morbid matter in the circulation, and is a disease that only attacks mucous membrane. The entire inner portion of the body is lined with a delicate skin or covering of soft, sensitive flesh. Thousands of tiny blood vessels are interlaced throughout this mucous surface, and it is through these that the inner membrane receives its nourishment and is kept in healthful condition. When, however, the blood becomes infected with catarrhal impurities the tissues become diseased and Catarrh gets a foothold in the system. The early stages of Catarrh are characterized by such symptoms as a tight, stuffy feeling in the head, watery eyes, buzzing noises in the ears, with partial deafness and often difficult breathing and chronic hoarseness. These are merely symptoms, and while sprays, inhalations and other local treatment may temporarily relieve them, Catarrh cannot be cured until the blood is purified of the exciting cause. S.S.S. cures Catarrh by cleansing the blood of all impure catarrhal matter. It goes down into the circulation and attacks the disease at its head, and removes every particle of the catarrhal impurity. Then the mucous linings are all supplied with fresh, pure blood, and allowed to heal, instead of being kept in a constant state of irritation by the catarrhal matter. Special book on Catarrh and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Jackson Coal (mined in Ohio)	$5.50 per ton	Gas House Coke	$6.00 per ton

Standard grades of Hard Coal cannot be sold for any less than $7.75, and when you are given prices for any less, ask for City weight or examine your coal carefully, for you may be getting the same coal that we are selling for $6.50 at a much higher price. Some are selling this coal at $6.75, $7.00 and $7.25, making you to believe that you are getting good coal at low price.

Other deceptions are practiced in Jackson Coal. You will hear of prices on Jackson Coal for $5.25 and $5.00. This is the same coal that we are selling for $4.75

Another stunt is to sell you Indiana Coal that we are selling for $4.00, at $4.25, telling you it is Hocking Valley, or just as good. Indiana or Illinois Coals are good, but because the differential in freight rates, they should be sold for 50c difference in price. So don't think you are getting cheap coal when you buy so-called Hocking Valley for $4.25, for we have it at $4.00.

PASSENGER AND FREIGHT DEPOTS

Plans for Handling Business While Tracks are Being Elevated.

SMALL BUILDINGS TO BE ERECTED

Passenger Station on Broadway; Freight on Fairfield Avenue.

Supt. J. C. Sullivan, of the Wabash, who was in the city this morning, stated that the company has completed plans for handling the passenger and freight business of the road at Fort Wayne during the time the tracks are undergoing elevation and the new passenger and freight depots are being erected. The passenger station, as previously announced, will be located at Broadway and the freight depot will be on Fairfield avenue. Each will be of wood and cheaply constructed, as they will be erased as soon as the necessity for them ceases. The passenger station will consist of a waiting room, 75x50 feet, a ticket office, express and baggage room, the whole structure being about 200 feet long. The freight depot will butt up against the master mechanic's building on the west side of Fairfield avenue and the two large rooms in the west side of the building will serve as temporary headquarters for the agent and his clerks, while the department will use one of the two large safety vaults in that part of the building. The freight house proper will extend towards the coal docks and will be one story and have dimensions of 60x200 feet. Work of construction will commence in April. Superintendent Sullivan said that, so far as he knew, the plans for the permanent passenger and freight stations have not been completed and he would not make a statement concerning the probable character of architecture and size of them. Mr. Sullivan came here this morning to look after some railway matters and left at noon.

Plump Folks and Thin Folks

Samose Will Make People Fat—"Money Back if It Fails" Says Meyer Bros. Co.

The line of beauty is a curve. Women may be thin and graceful, but not thin and beautiful. There is a vast number of pale, thin, scrawny people who are all brains and nerves, but without the strength and health that accompanies the standard weight. Good flesh and perfect health go together. A true flesh-forming food like Samose is absolutely necessary to many people.

No one can use this wonderful flesh-forming food for 10 days without a noticeable gain in flesh and strength. Carefully kept statistics show that out of every hundred people who begin the use of Samose 98 per cent increase in weight and their health and strength are restored.

Meyer Bros. Co. has so much confidence in this remarkable flesh-forming food and health restorer that they are willing and glad to allow any customer to deposit 50c with them and take home a box of Samose with the understanding that if it does not give a marked increase in good, firm flesh the money will be returned without any question.

HOSTS TO OVER 2,000.

Electric Works' Fire Department to Have Big Task.

G. F. Rogge, secretary of the Electric works' fire department, has received the assurance from each of the fire companies that go to make up the Northeastern Indiana Volunteer Firemen's association that they will be here June 30 with a full complement of men to take part in the annual tournament of the association. There are twenty-nine companies in the association and each has a membership of over twenty-five. This means that there will be over 700 firemen and possibly twice that number of visiting spectators to take care of on that occasion. They have been invited here by the fire department at the Electric works and of course the latter will have to take the role of host. To do this with credit to Fort Wayne the electricians must have aid and The Sentinel is glad to say that it is being offered, with prospects that it will be sufficient. Fort Wayne is well represented on the roster of the Northeastern Indiana Volunteer Firemen's association, which is as follows: President, William Burton, Muncie; vice president, George Hittenhouse, Garrett; secretary, Robert Newhauer, Hartford City; assistant secretary, G. F. Rogge, Fort Wayne; executive committee, L. E. Harding and H. L. Trautman, Montpelier, and W. F. Melching, Fort Wayne.

PREVENTED A COLLISION.

Telegraph Operator Risks Life to Save Others.

The telegraph operator for the Southern railway at Albion, Ill., forgot to deliver passing orders to the engineer of a fast train and was reminded of that after the train had passed the station and was under good headway. Then he rushed frantically out after it, missed one grab at a step and fell headlong, then jumped up and, racing like a hound, managed to catch the rear rail. The vestibule door was fastened and he could barely hold on, as the train was now running at high speed, but he managed to smash the glass out of the door, crawled through and stopped the train two miles from Albion. It had barely time to back up and get on a siding before the eastbound train came rushing along.

REILING RESIGNS.

Night Work Compels His Retirement From Office.

J. F. Reiling, because of a change in his work which will require his presence at the power plant at night, has tendered his resignation as financial secretary of the Fort Wayne Federation of Labor and the meeting next Monday will be the last he will attend in that capacity. Mr. Reiling has been secretary of the Federation for five years and has given excellent service. He will be missed by the central body and regret over the resignation is general among the delegates. Mr. Reiling also resigned as secretary of the Steam Engineers' union at the meeting last night. He served them seven years.

Over-Eating Worse Than Starvation

Seven Deaths Arise From This Cause to One of Lack of Food.

A Trial Package of Stuart's Dyspepsia Tablets Sent Free.

An English medical observer claims that for one death to starvation there are seven from over-eating.

His investigation is appalling and leads one to believe that among the Anglo-Saxon race over-eating is a national crime.

This investigation proves over-eating to be the cause in ten cases out of twelve of dyspepsia, indigestion and stomach trouble.

These diseases bring on decay and decline of the other organs and death ensues because of an inability of the system to furnish proper nourishment to the dying and afflicted parts.

When one over-eats, one exhausts the gastric fluids, throws undigested food into the intestines where it creates poison and germ life and is finally absorbed in a putrid state or thrown from the system in a decaying form.

Stuart's Dyspepsia Tablets will overcome the ill effects of gluttony and irregular eating. They will digest an abnormal amount of food and will not leave the stomach until everything has been digested.

A single one-grain ingredient of these tablets will digest 3,000 grains of food and in this proportion is seen how even gluttony can be overcome or at least its most harmful effects removed.

Make up your mind to try Stuart's Dyspepsia Tablets for one week. Take a tablet after each meal and upon retiring at night. Every druggist carries them in stock; price 50c. If you have a druggist friend ask his opinion. Send us your name and address and we will send you a trial package free by mail. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

WILL HAVE DOUBLE TRACK.

"The Wabash company is gradually making a double track system out of its road," said Division Freight Agent W. A. Sprott, of Toledo, who was in the city awhile this morning. "Every summer for several years the company constructed some second track and the coming summer plans have been made for building 100 miles more," continued Mr. Sprott. He also said the company was doing a big business this winter—all it could handle with its present facilities without congestion. At Fort Wayne and other important points additional equipment and force have been put in the yards and with these there is all the business the company can handle conveniently. Mr. Sprott had been west and was en route home, stopping off here a few hours to look after some matters connected with the department he represents.

LOOKS GOOD TO PARNIN.

"The week-end excursion to Cleveland next Saturday looks good to me," said Frank P. Parnin, traveling passenger agent of the Nickel Plate, who has made several trips over his territory in its interest. "I believe it is going to be one of the largest midwinter excursion parties the Nickel Plate ever handled," he continued. The company is of the same opinion, for it has made arrangements to have accommodations for over 1,000 passengers at hand on that occasion.

REORGANIZATION PLANNED.

Toledo, O., Feb. 9.—Articles of incorporation of the Toledo and Indiana Tranction company were forwarded to the secretary of state today. This is the initial step in the formation of the new company to take over the Toledo and Indiana, sold recently by Receiver C. F. M. Niles to S. C. Schenck, representing the committee of the majority bondholders. The initial capital is $10,000.

HEAVY FREIGHT BUSINESS.

Bellevue Gazette: "Between the hours of 5 and 7 this morning twelve trains pulled into the local yards. There were seven from the east and five from the west, which is a sure sign of the immense business the Nickel Plate is doing. All the storage tracks in the yards have been filled up."

TO TEXAS FOR HEALTH.

Emil Goeglein, a clerk at the Fort Wayne Electric works, left today for San Antonio, Texas, where he will remain in the hopes of getting relief from rheumatism, with which he is sorely afflicted. Mr. Goeglein has not been able to work since the holidays.

YARDMASTER HAYES RETURNS.

Dennis Hayes, the Wabash yardmaster, resumed work this morning after taking treatment at the company's hospital in Peru for a sprained elbow a few days. During his absence G. W. Thiebold was acting yardmaster.

DR. LEISHER HERE.

Dr. C. A. Leisher, of Cleveland, arrived here last night and for a few days will assist Dr. J. E. Bickel in the office of the relief department of the Pennsylvania. This is Dr. Leisher's first visit here.

IS NOW A BRAKEMAN.

O. J. Ramey, for a time employed in the Pennsylvania store room, has taken employment as a brakeman on the Lake Erie and Western. He left this morning on his first trip over the road.

INDUSTRIAL NOTES.

Machinist William Hanson, of the Bass shops, is sick and off duty.

Ralph Sponhauer has taken employment in the Wabash machine shop.

A carload of wheels on axles for gravel machinery left the Bass works today.

Car Repairman J. Roth, of the Pennsylvania, is off duty on account of sickness.

Ed Grodrain and W. F. Chaney, machinists' helpers, have resigned positions at the Wabash shops.

Mrs. John Gibson, whose husband is a carpenter, is very sick at the family home on Wabaash street.

William Jeffries, of the Wabash shops, who had his back injured a few days ago, has gone to the hospital at Peru.

J. J. O'Niel, of the Pennsylvania car machine shop, was summoned home yesterday on account of the serious illness of his wife.

Cornelius Graney and his helpers have returned from Eaton, Ind., where they were engaged several days in repairing a steam plant.

L. A. Linker has recovered from an illness that confined him two weeks and this morning resumed work at the Pennsylvania planing mills.

A. L. Hadley, the head of the engineering department of the Fort Wayne Electric works, has gone east in the interest of the company.

T. R. Cook, assistant engineer of motive power of the Pennsylvania, has been in Chicago for two or three days on business for the company.

Mrs. A. F. Klein has gone to Alliance to see a relative who is said to be very ill. Mr. Kline is a blacksmith in the Pennsylvania shops.

J. J. Ryan, a Pennsylvania boilermaker, explained his absence from the shops this morning by a message stating that Mrs. Ryan had presented him with a son.

Miss Leona Baxter, daughter of Car Builder Clarence Baxter, of the Pennsylvania, is now able to sit up, after an illness which at one time threatened to terminate fatally.

Mr. and Mrs. A. Kolb and their daughter left today for Buffalo, N. Y., on receipt of news of the death of a relative. Mr. Kolb is employed at the East shops of the Pennsylvania.

Henry Baughman, a blacksmith, took a position with the Pennsylvania this morning. He came from South Whitley, where he was employed for several years in the 'smith shop of M. J. Rupley.

Night Watchman Michael Carey is sick and absent from his duties at the Pennsylvania blacksmith shop. E. George is acting as watchman during the absence of Mr. Carey.

Machinists Henry Lapp and Martin H. Hobrock, who had been off duty on account of the death and funeral of their uncle, the late Engineer Albert Schwartz, of the Wabash road, reported for work this morning.

J. M. Emmons, a machinist's helper who resigned a position in the Pennsylvania erecting shop yesterday, has taken employment in a shop in Huntington and will immediately remove to that city.

The secretary of the local Barbers' union is the best paid union official in the city, the local having decided to increase his salary to $208 per year. There is considerable work connected with his office.

Tom Coe, who for a half century ran an engine on the lines which now go to make up the Lake Shore system, has passed to the retired list, having reached the age of seventy-one. He resides in Norwalk, O.

While at work on an engine in the Pennsylvania shops yesterday afternoon Pipefitter M. Weikert received a gash in the head which has disabled him. He was struck by the end of a pipe he was taking from the engine.

The Union Pacific company is having 250 gondola cars built with the entire interior lined with white enamel. They are being built at the Pressed Steel Car works at Pittsburg and are designed for handling grapes in bulk in California.

New names on the sick lists at the Pennsylvania shops this morning were J. Moore, J. Haviland, W. J. Koch, A. J. Lauer, H. C. Walda, George Freiburger, James Majors, J. J. Haas, H. C. Horstmeyer and W. H. Smith. The three last named are boilermakers.

C. A. Gerber, a fluemaker, and L. F. Freuchtenicht, a tank builder, who had been sick a few days, resumed work at the Pennsylvania shops this morning. C. J. Kröckenberger, who was taken sick January 25, resumed work in the erecting shop this morning.

At Indianapolis last Sunday the movement to organize a state body of the Barbers' union was given impetus which is likely to result in consummation of the plan. Arrangements were made for another meeting there next October, when the organization will be completed. H. C. Hoeltje attended the meeting last Sunday.

The Federation of Labor has postponed a proposed musical program arranged for next Monday evening until the meeting on the fourth Monday of the month. Busin ss of importance has piled up until there will be no time for social features until it has been disposed of; hence the postponement.

Contracting plasterers will be invited to meet with the local Plasterers' union the night of February 22 to talk over and sign the new wage scale agreement, copies of which have been furnished the plasterers by the international secretary. It is believed that the meeting will be harmonious and the results satisfactory to both parties.

Under the management of D. C. Buell the Union Pacific is conducting an educational bureau a feature of which is lessons in deportment and etiquette and nearly 1,000 pupils have been enrolled. The value of reading human nature and of being a "mixer" are emphasized by the teacher, who says that the damage done by the "crabbed" employe is inestimable and that practice must be abolished.

The passenger department of the Chicago, Milwaukee and St. Paul road is to be curtailed, according to the announcement issued by the head of the department. Nineteen representatives at as many different points have been dismissed on short notice and the salaries of others are to be reduced. In the freight department outside offices have had their clerical forces reduced and expenses otherwise cut down.

VOTING ON SPRING STRIKE.

Trouble is Brewing in the New York Building Trades.

New York, Feb. 9.—A vote being taken today will decide whether a strike involving 150,000 men and tying up building operations in this city shall be called.

The referendum was ordered at a conference of the building trades union last night when sympathy with the steam fitters strike for an increase of wages was voted by the delegates and a general strike in support of the men now out was favored. The outcome of the referendum is probablematic.

ONE KILLED; MANY HURT.

Pittsfield, Mass., Feb. 9.—Miss Lizzie Ryan, of Hinsdale, was killed and between 25 and 30 persons were injured in an electric car accident at Hinsdale today. A car bound for Pittsfield jumped the track and crashed into the abutments of the Boston & Albany railroad bridge.

JUDGE GRILLS LAZY FATHER IN CITY COURT

Snider is Given Another Chance to Make Good —Other Cases.

"The last time you were up here you talked smooth enough to make us believe you were an angel without wings. By George, I don't know what you mean," said Judge J. Frank Mungovan to George W. Snider in the city court this morning. The judge really said "By George" because he was wroth and wanted to be emphatic.

"I don't see how a man can let his little children gaze up in his face and ask for food and not get it when the father is able to work. I'll declare I don't know what to do with you. You are worse than a brute because a brute will feed its young.

"You have a wife who looks like she is a good woman and I believe she is and if you would do anything like what's right she would do her part. Now listen to what I am saying. You report here to me one month from now, as your wife has said she don't want to see you go to jail and is willing to give you another trial. If you can show me at the end of that time that you have supported your children it will be all right, but if you can't I'll send for you no matter where you go and send you to jail so long that you will wish you had worked while you had the chance. Now go."

Snider was in court a month ago and since that time he has given $7 toward the support of his wife and six children. The family lives at New Haven and Mrs. Snider said her husband earned about $4.50 and drank up all of it but $1.10, with which he purchased groceries. She also said she had had to apply to the township for help.

Kokomo or County Jail.

Charles Ellison, arrested on the charge of drunkenness, had a fearful alternative put up to him when Judge Mungovan said he could either go to Kokomo or jail. He hesitated a long time and finally decided in favor of Kokomo and was told to get out.

Wanted to Be a Copper.

Perry Coon was told by a night watchman that he might get a job on the city police force and after he had gone back to his home at Van Wert to think it over he came back last night to make application. He got mixed and was found peeking into windows from the roof of a building at the Hinton restaurant. He is not bright and was told to hike for Van Wert and stay there.

Jeff Myers drew $5 and costs for drunkenness and James Johnson, of Auburn, drew $1. James Hall was let go.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Feb. 9.—Light offerings in the wheat pit in the early trading gave firmness to a market which opened unchanged to ¼c lower. The recovery which quickly followed the start quickly crowded figures up from ½c to ¾c. May going from $1.10⅝ to $1.10⅝@1.10⅞. In the first hour all the futures steadied close to the higher levels. Small stocks were the principal bullish factor. May opened at $1.10⅜ to $1.10⅝.

The wheat market dragged later in the session, May going down to $1.10. The fluctuations were from ½c to ⅞c. The close was weak at nearly the low points of the day, with May at $1.10⅛, ½c lower than yesterday's final figures.

In the corn pit, firmness in wheat added to the strength to the trading, which started steady to ½c higher and in the first hour advanced from ¼c to ⅜c. May went up from 66⅝c to 66½c, the other futures moving along with it. Opening figures for May were 66¼c, unchanged from yesterday's close.

Lower prices for cash corn were a drag on the market in the final half of the session. May fell off to 65¾@65⅞c. The close was weak at a trifle above the low points, with May at 65⅞@c. ¼c lower than the final figures yesterday.

Oats were firm at the start, the initial prices being from ⅛c lower for September to a shade to ¼c higher for the nearby months. In consonance with the other grains oats prices advanced in the first hour and steadied at the high levels, gaining from ¼c to ¼c. May traveled from 46½c to 46¾c after opening at 46½c to 46⅝c, a shade to ¼c higher.

Provisions opened steady to a trifle easier and a fair demand gave some firmness in the early trading, pork advancing 10c, the other products barely holding their own. Opening prices for the May products were: Pork, $22.45, 2½c higher; lard, $12.25, unchanged, and ribs, $11.87½, 2½c to 5c lower than the previous close.

The Close.

Prices at the close were as follows:

Wheat—May $1.10½; July $1.00⅞@1.01; September, 96⅝@96¾c.

Corn—May, 65⅞c; July, 65⅞c; September, 65¾@65⅞c.

Oats—May, 46¼@46⅜c; July, 43⅜@43½c; September, 40⅜@40½c.

Rye—Cash, 81@82c; May, 79@80c.

Barley—Cash, 60@72c.

Pork—May, $22 42½; July, $22.15.

Lard—May, $12 25; July, $12.20.

Ribs—May, $11.85; July, $11.82½.

Car Lot Receipts.

Wheat—Receipts today were 38 cars, with 9 of contract grade.

Corn—Receipts today were 613 cars, with 1 of contract grade.

Oats—Receipts today were 165 cars.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Feb. 9.—A congestion of buying orders caused violent advances in the opening prices of stocks. Amalgamated Copper started 2⅝ higher than last night's closing price. Great Northern preferred 2½, Chesapeake & Ohio 2¾, Southern Pacific, Reading and American Smelting 2¼, Union Pacific, Rock Island and New York Central 2, United States Steel preferred 1⅝, Atchison and Consolidated Gas 1¾ and St. Paul, Denver & Rio Grande, Baltimore & Ohio, Interborough Metropolitan preferred, Northern Pacific and Canadian Pacific 1½ to 1¾. There were 10,000 shares of United States Steel sold at 76½ to 76⅞, with following sales at 77, compared with 75¾ last night.

Realizing sales made only a slight impression on prices, and after an interval of quiet, the market started up briskly again, rising fractionally above the opening prices. Union Pacific's gain reached 3 points. Chesapeake & Ohio 3½ and Great Northern Ore Certificates 3¼.

There were fractional additions to the advance before profit taking sales gained weight enough to carry prices backward. Selling was not followed at the decline and the market came to a rest. Bonds were firm.

Fluctuations were extremely narrow, but there was an easier tone to the market, prominent stocks generally ruling a fraction below the high prices of the forenoon. Utah Copper gained 3 points.

The market stiffened a fraction when Reading touched 159, its high price of the day. Business continued small.

THE MONEY MARKET.

New York, Feb. 9.—Money on call, easy, at 2½@3 per cent; ruling rate, 2¾ per cent; closing bid, 2¾ per cent; offered at 3 per cent.

Time loans, a little stronger; sixty days, 3½ per cent; ninety days, 3¾ per cent; six months, 4 per cent.

Prime mercantile paper, 4½@5 per cent.

Sterling exchange, steady, with actual business in bankers' bills at 483.90@484 for sixty day bills, and at 486.10 for demand.

Commercial bills, 483¼@483¾.

Bar silver, 51¼; Mexican dollars, 44.

Government bonds firm; railroad bonds firm.

WILL TRY REVOLUTIONISTS.

Man and Woman to Face Court in Russia.

St. Petersburg, Feb. 9.—Nicholas Tchaikovsky and Catherine Breshkovskaya, who are charged with being members of the revolutionary organization, will be placed on trial on March 8th.

The joint indictment found against Tchaikovsky and Mme. Breshkovskaya constitutes a document of fifty-eight pages. It describes the careers of the two defendants up to 1905, charging membership in the central revolutionary committee and citing articles showing that they advocated terrorism. Many depositions, mostly from renegade revolutionists, are submitted, showing the alleged presence of the accused as delegates to the conferences of the central revolutionary committee in Finland, St. Petersburg and the provinces, to discuss plans for armed uprisings.

COMING TO PREPARE PLANS.

Preparations for New Trust Company to Start at Once.

B. B. Palmer, representing a Milwaukee concern, will arrive in the city tomorrow to prepare plans for the remodeling of the German-American banking house to make room for the new trust company soon to be launched by that institution. Mr. Palmer prepared the plans for the present banking quarters, and also for those of the Citizens' Trust company.

WANT NEXT CONVENTION.

Spanish War Veterans Working for Fort Wayne in 1911.

Zollinger camp of the Spanish-American War Veterans, at its meeting at 619 Calhoun street this evening, will take up as special business the effort being made to secure the 1911 state convention of the organization for Fort Wayne. There are usually between 500 and 600 members in attendance at the state conventions. Fort Wayne is already represented by two officers in the state organization—Capt. W. C. Cleary and J. C. Scheffer, and it is believed Fort Wayne can secure the next year's convention if a sufficient number of the members of the local camp are interested in the movement. The meeting for this year will be held at Richmond in July.

Rock Island Train Jumps Track Near Union, Mo., and Is Wrecked.

St. Louis, Mo., Feb. 9.—Conductor Richard Reach, of St. Louis, was killed and three persons injured when the Rock Island train No. 28, from Kansas City, due here at 7:35 o'clock this morning, was derailed near Union, sixty miles west of St. Louis.

The tender jumped the track on a trestle just outside of Union. The engine pulled the tender across in safety, but the baggage, mail, smoking and chair car went over into the ravine beneath. A relief train was sent out from here. One of the injured, the baggageman, is in a critical condition.

Watch tomorrow morning's and afternoon papers for the announcement of our February Suit Sale.

FOREMAN FINK BURNED.

Frank J. Fink, foreman of the Grimes foundry in Bluffton, was severely burned about the waist, hips and thigh yesterday, when some molten metal splashed out of the ladle and poured over him. Mrs. Fink went to Bluffton this morning and brought her husband home. The family resides at 2008 Hanna street. Until recently Mr. Fink was employed at his trade at the Bass foundry.

BETHLEHEM STRIKE GROWS.

South Bethlehem, Pa., Feb. 9.—As a result of President Schwab refusing to treat with the strikers at the Bethlehem steel works until after the men return to work, 250 moulders, after joining the union last night walked out today and three hundred more foreigners joined the ranks of the strikers. About 2,000 men are now idle.

W. P. Breen is in Philadelphia on legal business.

A LITTLE EARLY, PERHAPS

To enthuse over spring fabrics, but when you see the beautiful new goods on our counters fragrant with the breath of spring you can easily imagine how dainty and pretty they will look when the balming days are here. You are invited to our early showing of bright, crisp new washable fabrics, the greatest gathering we have ever offered before and most reasonable in price.

The New Embroideries are Here

Our own importation fresh from the manufacturers in Switzerland, hundreds of new and beautiful designs in all widths. There is a radical change in the embroideries for this season and they have never been so handsome. Among the very newest effects will be found the Italian Filet, Madeira and Venetian work rivaling in beauty the finest laces. You will be glad to see them now while they are fresh.

The New Dress Goods

Early arrivals of what fashion demands in wool dress fabrics are ready for your selection. There's a tendency this season toward more individuality in dress, which can only be attained by choosing the fabric and exercising you taste and judgment in planning the gown, you can then have something exclusive and there's pleasure in wearing a gown that you have designed yourself. All the new weaves in the correct shades will be found here and the qualities and prices are sure to please.

MAYOR OBJECTS AND SAYS THE LEVY IS HIGH

Mr. Grice Wants Hospital But Not on Terms Proposed—Council.

Mayor Jesse Grice went on record last night at the regular city council meeting as favoring the erection of a city hospital, but objected to the terms proposed in Dr. B. Van Sweringen's resolution presented at the former meeting and for that reason declined to approve it. He stated that he does not want to bind himself at this time to add next fall ten cents to the present tax levy of $1.10 and that he can not commit himself until the time for making estimates arrives.

He also went on record as against the $400 tablet for the names of the contractor and architect to be placed upon the new market house. This was contracted for and saddled upon the present administration by Mr. Hosey and his henchmen and even they might have made a better contract if they had taken enough time. Mr. Grice's communication on the hospital proposition is as follows: "I desire to say that I fail to approve the resolution not because I am opposed to building such a hospital, but rather, because I believe a levy of ten cents is too large. My approval of this resolution would, in a sense, bind me to recommend the placing of an additional ten cents on the tax levy next fall, regardless of the extent to which the present levy of $1.10 might be decreased. It is premature to attempt to determine what our next tax levy will be until the estimates have been submitted by the different departments and the possibility of discontinuing certain specific levies examined into. I feel that any step involving a possible increase in the tax levy should only be taken after thorough consideration. I think that such a praiseworthy, practical project as the one in question should receive warm encouragement and intelligent consideration from every source. I therefore trust you will take appropriate action looking to that end."

After all of the other business had been disposed of Mr. Pinniger called attention to the fact that there had been no report from the fees and salaries committee on the increase in salary for the chief of police and moved that the ordinance be put on its passage. Mr. Baued amended by moving to give the committee further time and this carried.

The members of the committee said the ordinance handed them embraced two separate salary matters which ought not to be combined and that they were delayed by figuring out just how to remedy this. The rules under which the last council was governed were adopted and the mayor was authorized by an ordinance passed under a suspension of rules to sell the stock of guinea pigs at the city hall. Charles Josse, health officer and official trainer, will offer the little animals for sale.

Ordinances were passed appropriating $1,800 to the purchase of new fire horses and $2,000 for repairs to the city hall, and for changing the names of streets to avoid confusion. An application from James A. Reilly for the return of money paid as assessments on property that was condemned for the opening of Alleger street was referred to the committee on claims and the city attorney. As the next regular meeting night would fall on Washington's birthday the date was changed to the twenty-third.

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

CORN SHOW WILL BE AT ASSESSOR'S OFFICE

Competitive Exhibit to be a Feature of Farmers' Insitute.

The county assessor's office has been secured for the big corn show in connection with the Allen County Farmers' institute to be held at the court house assembly room on February 23 and 24, and Chairman C. F. Hubler and Secretary Frederick Keil have practically completed arrangements for the event. Corn exhibits may be left at the assessor's office at any time up to 12 o'clock noon on February 21, when the entries close.

Corn may be entered in three classes—yellow, white and mixed—and ten ears constitute an exhibit. Six prizes will be given in each class, the awards ranging from a $20 corn plow as the sweepstakes award to the Breeders' Gazette as sixth prize. In addition, a $10 gold piece will be given for the best single ear of corn exhibited.

James Kline, state corn judge, will score the entries on February 22.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all dealers.

WILL LECTURE TO MASONS.

Capt. S. Alberti Coming to Talk of Russia and Siberia.

The Masonic fraternity of Fort Wayne has arranged for the coming of the distinguished Capt. S. Alberti, former officer in the Russian army and later a convict in Siberia, who will deliver two lectures at the Scottish Rite cathedral on "Russia and Siberia." The first lecture, on March 23, is open to the families and friends of the Masons, while the talk on March 24 is for Masons alone.

Capt. Alberti, whose services in the Russian army were of especial distinction and covered a long period, was sent to Siberia as an exile when he returned to Russia after some years spent in America, but managed to escape and is now devoting his life to telling the story of Russia and Siberia with its suffering and torture.
